

## SUNY Cobleskill Financial Aid – Parent Authorization Form

Important – please return this form -

Federal regulations require the College to obtain authorization from parent borrowers of Title IV parent PLUS loans in order to properly disburse these funds. Parent PLUS loans are considered federal financial aid and are for “institutional charges”, such as tuition and fees, campus room and meals and course related fees. Unless authorization is received, federal financial aid cannot be used to cover non-institutional charges such as: books and supplies, add/drop, late, returned check and payment plan fees, parking and library fines. We appreciate your cooperation as we comply with this federal requirement.

By having your signed authorization we can apply your parent PLUS loan to non-institutional charges. The authorization will remain in effect until we receive a written request to cancel it.

I authorize SUNY Cobleskill to use my federal parent PLUS loan to pay all charges including non-institutional charges. Non-institutional charges are items other than tuition, fees, room and meal plan and may include bookstore credit, library and parking fines, late and add/drop fees.

I accept this statement

I do not accept this statement

If you do not authorize SUNY Cobleskill to pay non-institutional charges with federal financial aid, the student is ultimately responsible for payment of those charges. We will bill the student; holds and appropriate late fees will apply.
