STATEMENT OF INTENT

I have the read the statements on sabbatical leaves from both the Policies of the Board of Trustees and the SUNY Cobleskill Faculty Handbook. I understand the conditions and requirements set forth in these publications and agree to fulfill them if the sabbatical leave is approved.
I intend to continue as an employee of the college for a minimum of one year upon completion of my sabbatical leave. I further understand that if I do not meet this requirement, that I agree to repay all salary earned during my sabbatical leave.

Further, I understand it is my obligation to submit a report of my sabbatical activities no later than the end of the first full semester after my return. This report, which shall be submitted to the President, will describe the activities accomplished during the leave and their benefit to the college.

I also understand that if the number of sabbatical leave awards available is exceeded by the number of approved applicants, my application for sabbatical leave may be delayed and considered in the next round of sabbatical application rankings. If approved, I understand that my application will remain active for the current and following academic year. I understand that once in applicant pool, I will not have to reapply for sabbatical leave.

**APPC Rating Form for Sabbatical Leave Applications**

**Criteria for Rating Sabbatical Leave Applications**

A. Clarity of the proposal: To receive full consideration, the proposal must be understandable to the committee. Thus, the applicant is encouraged to define technical terms, to spell out acronyms, to supply sufficient detail so that the committee can appreciate the relation of the plan to the faculty member’s present or intended assignments. If the proposal involves more than the faculty member’s School that connection should be clearly stated and supported.

B. Viability of the plan: The committee will weigh the practicality and worthiness of each plan. The applicant should supply sufficient evidence to show that the plan is realistic, beneficial, and achievable. For example, the committee will consider evidence that the applicant has sufficient groundwork for the sabbatical through appropriate reading, discussion with others in the field, or preliminary research.

C. Benefits of the plan: The intended outcome of the sabbatical should be clear and concrete and in keeping with the professional aim and College assignments of the faculty member. Specific goals should be enunciated. The applicant should indicate how these goals will benefit the institution and the faculty member.
