*All information contained in this document is accurate as of October 31, 2018.
Welcome to the 2018-2019 academic year at the State University of New York College of Agriculture and Technology at Cobleskill! On behalf of the faculty and staff, we hope you will take advantage of all that Cobleskill has to offer and become a successful and engaged member of our campus community throughout your college career.

The SUNY Cobleskill Student Handbook is designed to better acquaint you with the many aspects of life at Cobleskill. It contains information about important academic and university requirements as well as college-wide activities.

As a SUNY Cobleskill student, you are afforded many rights. With these rights come responsibilities. All of our students are expected to be familiar with and uphold the policies outlined in this handbook as well as those listed by other departments. Please pay particular attention to the Student Conduct Codes.

Policies as stated in this Student Handbook are subject to change. The College may amend policies and procedures at any time, giving the community reasonable notice of the changes via official student e-mail address. For the most recent and accurate Student Handbook, please refer to the online version.

Whether you are a new or continuing upper-class student, I urge you to reflect upon the coming year and determine what it is that you would like to accomplish within and beyond the classroom. Challenge yourself. Go beyond what you think you can do by raising the bar not only for yourself but for your classmates. It is through such challenges that each of us learns to grow and excel.

My colleagues and I wish you a most successful 2018-2019 year at SUNY Cobleskill!

Anne Hopkins Gross, EdD
Vice President for Student Development
In the event the campus has a crisis or emergency situation, students will receive a specific message based on the emergency that has occurred with directions regarding what students are expected to do. The campus will communicate to students using three specific means:

1. **A live announcement will be communicated over the Campuses Emergency Broadcast System.** Students will be required to follow official directions as they are announced.

2. **Campus e-mail message.** Students who have signed up and are connected to the campus computer system will receive a message on the campus e-mail system.

3. **Campus Emergency Alert System.** ALL students are asked to register for the Emergency Alert System (SUNY NY ALERT). This will permit students and family members to receive messages to their mobile phone, home phone and fax machines.

How DO Students Sign up for the Campus Emergency Alert System?

The Campus Emergency Alert System is part of SUNY NY Alert service provided and maintained by the NYS Emergency Management Office. This system provides SUNY Cobleskill a mechanism to send timely emergency and safety information and protective action messages to the campus community. The system is capable of sending text messages, record voice messages and email messages to multiple addresses and phone numbers inputted into the system. This system is only used in true campus emergencies where members of the community are in danger of being in harm’s way.

Log on to your Banner account using your Student ID (800 number) and PIN. On the Main Menu you may register your personal contact information to receive E-Mail, Voice and Text Message Alerts.

Per the New Student Orientation Packet, all students were requested to follow these instructions. If you haven’t done this already, PLEASE SIGN UP TODAY!

or call 234-0952

Select schedules are posted in residence halls and a complete set of schedules is available in the Student Life Center.

Do I need to call ahead for the bus to pick me up?
If you are not sure about a stop or a pick-up time, you can call the dispatcher at 234-0952 until 6 pm.

Where do I catch the bus?
The bus stop is on Suffolk Circle (often referred to as Knapp Circle because it is next to Knapp Hall).

How do I get to Wal-Mart?
From any of the designated stops on campus you can get on one of the Rt 2 or Rt 2A buses. For each of these routes, Wal-Mart is one of the last stops before it turns around and loops back to the college. Since there are other bus routes that also stop at Walmart, make sure you get on the appropriate bus to get back to campus. When in doubt, ask the bus driver for help.
THE CAMPUS ADMINISTRATION

The College President is the chief administrative officer of our College with broad responsibilities for carrying out the mission of the College, for determining policies, seeing that they are implemented, and for major decision-making regarding every aspect of the operation of the College, such as budget, planning for the future, staffing, fund-raising, student life, academic matters, and public relations. The College President is Marion Terenzio.

The President, reporting to the Chancellor of the State University of New York, works closely with the College Council, the Vice Presidents, the Faculty, and others to effectively manage the College.

As a college within the State University system, the campus operates within the policies enacted by the State University Board of Trustees, the laws of the State of New York, the administrative directives of the Governor and his staff, and the policies established by our own College Council. We are also subject to the regulations of the Federal Government and the county and local laws which are applicable.

The four vice presidents are the other officers of the College. The President delegates certain responsibilities and authority to each of the vice presidents.

The Academic Deans report to the Vice President for Academic Affairs. Each Dean has responsibility for administrative leadership and decision-making for an academic program area. There are various offices, units, and centers on the campus. These are usually headed by a person with the title of director.

OUR PROUD HISTORY

Authorized by an Act of the State Legislature in 1911, due in large measure to efforts of Assembly Speaker Daniel Frisbie of Middleburgh, the College opened its doors in 1916 as the Schoharie State School of Agriculture with twelve students, a faculty of four, and a farm manager, with Halsey B. Knapp as Director.

Providing instruction in "Agriculture, Mechanic Arts and Home Making" for students not interested in the college preparatory high school curriculum of those times, the School grew rapidly during its first decade and by 1930-31 enrolled 140 students with a faculty and staff of 20. Facilities included Frisbie Hall, completed in 1916, as well as the Dairy Building (Alumni Hall) in 1918 (completely renovated in 1989-90), the Home Economics Building in 1920, and the Gymnasium in 1926.

With a change in name to the New York State School of Agriculture in 1923, the next decade saw a growth and improvement in academic offerings, and a decision to raise the School's standards and its academic requirements. A 1937 ruling by the Board of Regents gave Institute status to the School, placed it on a post-secondary level, and all curriculums were made two years in length.

Agriculture then included seven possible Majors, with four in Home Economics, and the first Nursery School was established.

Following a brief decline in enrollment during World War II, the Institute mushroomed from 73 students in 1943 to 1,032 in 1963. Existing curriculums were expanded and made more specialized, and new divisions were created in the areas of Food Service Administration, Nursery Education, Business and General Education.

The Institute had become a unit of the State University of New York in 1948 and saw a change in name to the State University of New York Agricultural and Technical College in 1974. In 1987 Cobleskill
was re-designated as the State University of New York College of Agriculture and Technology at Cobleskill.

The 1960s were the time of greatest growth in physical facilities, with the construction of Wieting and Vroman Halls (1962), Prentice Hall (1963), Wheeler Hall (1964), Bouck Hall (1965), Draper, Dix and Pearson Halls and the Agriculture Complex (1966), and the Agricultural Engineering Building, Holmes Classroom Building (1971), Library, Swimming Pool-Snack Bar, Davis, Porter, Parsons, Ten Eyck, Fake residence halls, Champlin Dining Hall, Food Service and Recreation Building (1972). More recent construction has added the Child Care Center building, the Dairy Complex, the Center for Environmental Science and Technology, and the Center for Agriculture and Natural Resources.

Paralleling the College's growth in enrollment, curriculums, and physical plant were the development of programs of intercollegiate athletics, student activities, and student life. The first basketball team was organized in 1916. The newspaper and yearbook followed in 1923. The Cross Country race dating back to 1931 served as the foundation for present winning teams. Phi Theta Kappa, National Junior College Honorary, was installed in 1960.

LIVING ON CAMPUS

This section of the STUDENT HANDBOOK, "On the Hill," deals with the residence halls on our campus. In other sections of this Handbook and in other publications you will find descriptions of when the various halls were built. The College is continuing to improve them in many ways. On a regular schedule, new carpeting is installed, bathrooms are renovated, student rooms and public areas are painted, lounge furniture is replaced or refurbished, and general repairs are made to keep the residence halls an attractive and supportive environment for resident students. We must all make a solid commitment to treat the residence halls as we treat our own homes - for this is your "home" for the next several semesters. As unwarranted damage and thoughtlessness will detract from the quality of the residential experience, we must all be positively contributing to the quality of campus living.

ASPECTS OF CAMPUS LIVING

Residence Hall Staff

Each residence hall is staffed by a professional Residence Hall Director, 6 to 11 Resident Assistants, who are students like you, a cleaning staff, student assistants, and Night Hosts. Mutual respect among all persons makes our college community function best.

Residence Hall Director

Each residence hall is supervised by a live-in member of our College Faculty. These staff members are full-time professionals who possess a Bachelor's or Master's degree and are available to assist you with any questions you have regarding residence hall living. They are responsible for the overall management of your residence hall and supervise the Resident Assistants and other student staff. Make a point to introduce yourself to your RD.

Resident Assistant

The Resident Assistant is a student who has taken on the responsibility to serve the residence halls and assist students with their residence life and college experience. Resident Assistants, better known as RAs, have an enormous amount of responsibility. They are counselors, programmers, educators, disciplinarians and they are your friends. If you have a concern or just a question, seek out your RA or any RA; they are here to help.

Night Hosts

Special student assistants have been hired to serve as Night Hosts in each of the residence halls. These Night Hosts go on duty after the Resident Assistant closes the hall office at midnight. From midnight until 3 a.m. it is the responsibility of the Night Hosts to supervise the entry of all students into the residence hall. It is our goal to ensure that all individuals who enter the halls during these time periods are residents and/or approved visitors or guests. Please be prepared to present your official college ID during these times. Your safety is
important to us.

**Sustainability Mentors/ECOs**

Special student assistants have been hired to serve as Sustainability Mentors/ECOs in each residence hall. The mentors’ goal is to assist community members in increasing sustainability efforts within each residence hall. The mentors accomplish this goal by observing and reporting on the residence hall environment and by having one-on-one interaction with residents through daily rounds, office hours, and educational programming.

**Cleaning Staff**

Each residence hall has assigned staff who are responsible for cleaning the residence halls every weekday. This cleaning includes hallways, stairwells, lounge areas and especially bathrooms. It is expected that students will clean up after themselves and clean any messes they make. Students are responsible for the cleaning of their own rooms. A vacuum cleaner and brooms are available for student use. Either see the Residence Hall Director, Resident Assistant on duty, or the cleaning staff for brooms/vacuum cleaner availability. If lounges or bathrooms are left messy, an extra cleaning charge may be assessed against the floor. Please treat the residence halls with respect, for they are your homes.

**RESIDENCE HALL SERVICES**

**Laundry**

Laundry machines are available for use by residence hall residents only. Included in the meal plan is a $70.00 fee which allows swipeless laundry all semester. Please report broken machines to CAS at ext. 5233/5886.

**Cable Television Service**

Each main lounge and student room is equipped with cable television service. The current selection of more than 80 channels includes eight HBO options plus an HBOGo option for each resident.

**Vending**

Each of the College's residence halls has conveniently located vending areas. You can use CobyCard debit accounts or cash. Please report broken machines to the Residence Hall Director or Cobleskill Auxiliary Services at ext. 5233/5886. Refund request forms are available at the CobyCard Office, Knapp 112.

**Computers**

Direct high-speed computer connections are installed in each student room in all residence halls.

**Recreation Equipment and Games**

Each Hall Council has provided various equipment and games for student use (e.g. balls, board games, microwave, refrigerator, etc.) in its residence hall. If you want other items to be considered for purchase, attend your Hall Council meeting and ask that they purchase something for student use.

**Common Area Cleaning**

The Residential Life Office and the Facilities Management Department share a goal of working together with students to provide a clean and well-maintained residence hall environment. Assistance and support from resident students is necessary to achieve such an environment. Resident students lend their support by keeping common areas such as bathrooms, hallways and lounge areas mess-free. Facilities Management Staff clean and maintain the residence halls; they do not pick up messes for which resident students are responsible. A Residence Hall Cleaning Plan which details staff and student responsibilities is posted on the bulletin board in your living area (look for a colorful 8 ½” x 14” poster).

**Recycling**

Our residence halls are environmentally aware. We participate in an extensive program that recycles glass, plastic, paper, newspaper and the like. Each hall has a recycling area and students are asked to help us with this effort. Containers for recycling materials are labeled. A little cooperation and planning makes this a very successful program. Dining Services actively recycles all cardboard, glass, plastic and tin food containers. Pre-consumer vegetable scraps are composted in support of our campus initiative. Dining halls are trayless as a result of our
students’ commitment to conservation of water and energy to reduce our carbon footprint.

**Residence Hall Study Lounges and Rooms**

One of the primary purposes of residence hall living is to support the academic life on campus. Each residence hall has a specially designated private study area for students. In addition to their primary purposes as social/recreational/gathering spaces, residence hall main lounges may serve as suitable study locations for resident students.

**Cooking**

Residence halls do not have the necessary facilities to allow students to cook. Limited facilities are available in most recreation lounges for the preparation of light snacks. Please use good judgment when using these facilities, as the safety of your residence hall community relies on it!

**Mailboxes/mail**

Residence hall students will receive mail in their assigned mailboxes. Student Mailroom service window is open Monday through Friday from 8:00 a.m. to 5:00 p.m. and closed for lunch between the hours of 12:45 p.m. and 1:45 p.m.

The following address should be used for all of your mail. Failure to use this address will result in delays in receipt of your mail.

```
Your Name
Bouck
Hall Box 107 Schenectady Avenue
Cobleskill, NY 12043
```

Please keep your mailbox key in a safe place. You cannot receive your mail without your mailbox key. To replace a lost mailbox key, you will need to go to Student Accounts in Knapp Hall and pay a $10.00 fee, then take your receipt to the Student Mailroom in Bouck Hall to get a replacement key. When you are finished with your mailbox, return your mailbox key to the Student Mailroom.

Students that have not returned their key will be charged $35.00. Students that have moved off campus and are still currently enrolled at SUNY Cobleskill, may continue to use their mailbox in Bouck Hall. Students that have moved off campus and do not wish to use their mailbox in Bouck Hall, must return their mailbox key to the Student Mailroom in Bouck Hall. If the mailbox key is NOT RETURNED to the Student Mailroom, mail will not be forwarded. Mailboxes will remain open until the Mailroom is notified.

**Night Host Program**

As previously described, special student assistants are hired to serve as Night Hosts evenings from 12:00 midnight to 3:00 a.m. to monitor all traffic in and out of each of the residence halls.

**Resident Assistant on Duty**

Each evening one or two Resident Assistants are on duty from 7 p.m. to 7 a.m. in each of the residence halls. The RA(s) are on duty from 7 p.m. to 12 midnight in each hall office and are required to make hourly rounds of the entire residence hall. Side entrances and the main doors are locked at all times. At 12 midnight the RA(s) return to their assigned residence hall rooms and continue duty there until 7 a.m. During this time period they are responsible for responding to problems or emergencies. RA duty telephone and room numbers are posted near your residence hall office each evening. RAs are here to help; seek them out.

**Residence Hall Director Duty**

Each evening one or two Residence Hall Directors are on assigned duty for the ten residence halls. They are available to address problems and concerns in all residence halls as needed. Each evening those Residence Hall Directors who are on duty will also have their names and telephone numbers listed near each hall office. Call if you need help. These are highly trained and supportive professionals.

**Fire Safety**
Each residence hall is equipped with modern fire detecting and fighting technology. Please do not tamper with this fire safety equipment including fire extinguishers, fire bells, pull boxes, heat and/or smoke detectors. Students found tampering with fire safety equipment will be subject to immediate suspension.

**Maintenance Concerns**

**Repair of Residence Hall Equipment, Furniture, and Facilities**
If you have a maintenance problem in your room or an item is in need of repair, report it to your Residence Hall Director. A work request will be submitted and the Facilities Management Department Staff will make any necessary repairs. Report all emergency and/or health or safety related problems at once to the Residence Hall Director.

**Keys**
Students must not lend residence hall keys or IDs. Always lock your door when you leave the room or when you retire for the evening. Help to protect yourself. An open or unlocked door is an invitation for trouble.

**Dining services**
Resident and Commuter meal plans are available to all students at SUNY Cobleskill. A meal plan is required for all students residing on campus.
Coby's Café is a unique off-campus venue, serving the campus and the local community. Located downtown at 549 Main Street, Coby's offers breakfast and lunch, featuring Artisan sandwiches, hand-pressed burgers, quesadillas, wraps and customized "to-order" salads. Campus meal plans are accepted.

Student Accounts

We are located in Knapp Hall, 118A next to the Financial Aid Office. Hours are Monday through Friday 8 am - 4:15 pm. Contact us for questions concerning your semester bill, refunds or payment plans.

Students may view their semester bills and/or pay online through their BANNER WEB secure area. Choose Student and then choose QuikPay. Notification of a bill is sent to students’ Cobleskill email account. We use electronic billing, no paper bills are mailed. Students may sign up parents or another third party to receive notifications and access to view their bill and make payments to their account.

It is important to review your QuikPay account regularly as we bill monthly. Unpaid accounts will have a financial hold placed, which will hold any grades, transcripts and course registration activity. Accounts remaining unpaid may be subject to collection. If sent for collection additional costs such as penalties, interest and collection fees may apply.

For more information: www.cobleskill.edu/studentaccounts or contact us: 518-255-5539, studentaccounts@cobleskill.edu.

Student Conduct

Students, like all citizens, are held accountable within the behavioral parameters of our society, as defined by local, state, and federal laws and statutes. In addition, students are also held accountable for behavior as defined by the Student Conduct Codes of the College. Students are defined as all persons taking courses at the College, both full-time and part-time, or those individuals who were students at the time of a violation of the Student Conduct Codes, as well as individuals on College or Cobleskill Auxiliary Services premises for any purpose related to registration for enrollment. Persons who are not officially enrolled for a particular term but who have a continuing relationship as a student with the College are considered students.

Students are expected to be familiar with all College regulations and to abide by them at all times in order to maintain a fair, just, and safe College community environment.

These codes apply specifically to behavior on College-owned or -controlled property, on property and in facilities of the Cobleskill Auxiliary Services, and at college authorized functions off-campus. Certain Codes may apply to actions off-campus (in the Village of Cobleskill and/or on authorized field trips, for example) as noted, as the student’s conduct may adversely affect the campus community or undermine the interests and/or mission of the institution.

Any violation of the Student Conduct Codes is strictly prohibited and may result in disciplinary action ranging from a warning letter to probation, suspension, or dismissal from the College.

Room Assignments and Changes

Returning Students Sign-Up

Current students looking to live on campus for the following academic year need to complete the housing survey via eRezLife. RAs will provide information about the process and timeline prior to Spring Break. Current students living off campus who wish to move on campus, should see the Residential Life Office (Bouck 126) to get information prior to Spring Break.
New Student Housing Assignment Process
Incoming students are required to live on-campus (2 academic years for first-time freshmen, and 1 academic year for transfer students). Once students have paid their housing deposit, they will be able to complete the housing survey via eRezLife. These surveys provide the Residential Life Office with valuable information to find students the best housing assignment possible. Housing surveys are sorted on a first come first serve basis. For more detailed information about how to complete the housing application, please see our website.

Triples and the Triple Placement Program
Although the college would prefer not to have any triples, it’s occasionally necessary to triple certain rooms. If you have been assigned to a triple, please note that you are in a larger room that is designed to hold three people. Upon arrival, you will participate in the Triple Placement Program which helps to divide the room’s amenities equally and fairly. This program has been very popular and successful. If you decide you would like to de-triple, please see your Residence Hall Director to be added to the de-tripling list.

Changing Halls or Residence Hall Rooms
If you would like to change rooms, you will need to speak to your Residence Hall Director (and the Residence Hall Director of the building you would like to move to if you plan to move buildings). Your Residence Hall Director will work with you to understand why you would like to move and help you resolve any issues you may have with your room/roommate. Approval of a room change is at the sole discretion of the Residence Hall Director. Moves will not be approved during the opening weekend, or during the 3rd week of the semester, while the census is conducted.

Consolidation
Students who are living in a double room without a roommate will participate in the room consolidation process. Students in the situation, regardless of how it occurred, will have three options to discuss with and receive approval from their Residence Hall Director. These options are: purchasing the room as a superior single (pro-rated based on the week the change is made); accepting a new roommate assigned by the Residential Life Staff (refusal of a roommate will automatically lead to the purchase of a Superior Single); or moving to a new room with a roommate.

Students who know that they will be without a roommate for the spring semester will have an opportunity to consolidate during the last week of the fall semester.

Residence Hall Community Development

Hall Council
Certain Hall Council officers have been elected in the Spring to assist with the transition process of all resident students. Special programming, election of additional officers, and other initiatives will be widely publicized throughout the Fall semester.
Do you have aspirations of being a leader in the future? Why not be a leader today? Join the Residence Hall Council and help build a positive community where you live. Each hall has a social budget of over $1,000. Help decide the types of educational, social, recreational, cultural and/or community programs you’d like to see offered in your hall. It’s a very valuable learning experience and a quality student leadership position.
Recruitment for officers and floor representatives begins upon your arrival in August. See your RA or RD for details and watch for signs.

Resident Student Organization
This is an organization made up of representatives from each of the residence halls. It is the group that represents the student opinions campus-wide, organizes events involving all residence halls and promotes
unity among the halls.

Programming

Programming funds and social funds are derived from a small amount collected from each resident. These funds are administered by the staff and the Hall Council to provide an atmosphere which supports and fosters the development of a hall community. The Hall Council provides self-governance and leadership opportunities for all students.

24-Hour Consideration Hours and Support of Academic Excellence

Residence halls must be places where students can live and learn in productive environments. We expect students to maintain Consideration Hours 24 hours each day. This means loud stereos, noise and/or other disruptive behaviors are unacceptable. Disruptive students will lose the privilege to live on campus.

Roommates and Respect

Adjusting to living with a roommate is a most challenging experience. In any good relationship, it is important that all parties understand and communicate with one another. Students need to express their concerns and discuss lifestyles, likes, dislikes, values and goals. Discuss room usage and the fact that the right to study in one's room supersedes all other perceived rights. In order to have a successful roommate experience, you need to be considerate of your roommate's needs, feelings and concerns. Always be respectful to others and, if you are willing to compromise, your roommate experience can be a very positive one. It may be one of the best experiences of your entire college career. Success is achieved through communication.

Educational Programming and Establishment of Community in the Residence Halls

The residence halls are educational communities where students and staff work together to strengthen their overall learning experience. It is our goal to supplement, as well as complement, the learning of the classroom experience through offering structured and unstructured activities (such as bringing faculty, other trained professionals, and speakers into the halls) in support of the educational programs. Approximately 800 special programs are offered annually in our residence halls by members of the residence hall staff and hall councils. Students who attend these special activities have benefited greatly. Experience college life by attending your residence hall's events.

Residence Hall Discipline

The State University of New York has provided each campus the opportunity and responsibility to establish regulations governing student conduct and behavior. Within this framework the College has established a Student Conduct Code. In the residence halls, there is a specific set of terms and conditions that have been developed in order to ensure that an environment is maintained that allows for constructive interaction, personal growth and development. You are advised to read carefully both The Student Handbook, as well as the residence hall Terms and Conditions of Residence Hall Occupancy and Alumni Commons Terms and Conditions of Occupancy. Please help us maintain a positive environment by respecting the rights and privacy of others as well as by helping us protect the property of individuals and the College.

Campus Health and Safety

Our Shared Responsibilities

Providing a safe environment in which students may live, work and learn is an essential function of this campus. Although the topics below receive great attention in other areas of this Handbook as well as during meetings and through other publications, a grouping of safety-related information may be helpful at this point. Personal safety is a personal responsibility. The College makes available to students a vast amount of information through printed materials, seminars, and training opportunities. We encourage student interest and participation in such opportunities.

Our campus walkways are well lit at night. In fact, a campus map showing the most traveled lighted walkways is posted widely throughout the campus. Members of the campus community are always encouraged to walk in pairs or groups and always on lighted paths.

University Police Department

Campus safety and security is coordinated by the University Police Department, which has a force of 10
sworn police officers with full arrest powers. As an armed police department, officers respond to all emergency and non-emergency complaints. The University Police Department serves as the primary law enforcement agency for the campus.

State University of New York police officers must meet the standards in New York State for police officers. The officers must have completed 60 credit hours of college and pass a civil service test for consideration for appointment. The officers have completed a basic training program administered by the New York State Department of Criminal Justice Services under the Bureau for Municipal Police and undergo continuous training to upgrade their skills. Officers conduct foot, bicycle, mounted horse and vehicular patrols on the campus 24 hours a day, 365 days a year.

The objective of the University Police is to provide a safe environment for the teaching, research and social endeavors and to protect the lives and property of the students, employees and visitors of the college. This objective is pursued within the framework of the state university rules and regulations and all local, state and federal laws. The investigation of crimes committed on the campus fall under the jurisdiction of the university police department. Our university police department has close working relationships with the village of Cobleskill police department, the Schoharie County Sheriff’s Department and the New York State Police. This includes a memorandum of understanding (MOU) with these agencies in the event that a violent felony or a missing student is reported to campus authorities. Should such a report be received, SUNY Cobleskill’s university police would request assistance and work in conjunction with these agencies to conduct a complete investigation.

Our University Police Department is on duty at all times. The Officers provide foot patrols, vehicle patrols, bicycle patrols, law enforcement and assist with and participate in Student Conduct Code enforcement, educational seminars, and other forms of support for students, staff, and faculty every hour of every day. Emergency phones are located at various locations across campus. These phones which are identifiable by the “blue light” that is on each phone provide a direct link to University Police. The suspicion of any criminal activity, as well as any possible missing students, should be immediately reported to University Police which is located at Johnson Hall (518-255-5555) for investigation.

Residential Life

When College is in session, the Residence Hall Directors have direct, live-in responsibility for the residence halls. In addition to responding to calls for assistance, the RD on duty supervises the Resident Assistants and Night Hosts. Each resident student is issued a key to his/her room door and encouraged to keep it locked at all times. Additionally, each resident student is issued a front door access card which is unique to his/her building. All entrance/exit doors are continuously locked.

Developmental programming is offered to resident and commuter students throughout the academic year. Topics usually include: personal safety, relationships, sexual violence, DUI, operation identification, among others.

The conduct of guests or visitors is the responsibility of the host resident, as well as the visitor/guest. As such, all visitors/guests must be accompanied by their hosts at all times during visitation hours (please refer to the guest & visitor policy).

Personal Safety Committee

The SUNY Cobleskill Personal Safety Committee shall review current campus security policies and procedures and make recommendations for their improvement. It shall specifically review current policies and procedures (1) for educating the campus community, including security personnel and those persons who advise or supervise students, about sexual assault pursuant to subdivision one-a of this section, (2) for educating the campus community about personal safety and crime preventions, (3) for reporting sexual assaults and dealing with victims during investigations, (4) for referring complaints to appropriate authorities, (5) for counseling victims, and (6) for responding to inquiries from concerned persons.

The committee shall report, in writing, to the college president or chief administrative officer on its findings and recommendations at least once each academic year, and such report shall be available upon request.

Examples of such issues may include, but are not limited to: depression, anxiety, relationship issues, substance abuse, and sexual identity. Services are provided by appointment.

Health Care Services
The health center is staffed by a Nurse Practitioner, a Physician Assistant and Registered Nurses. Health services are designed to assist students in maintaining an optimal level of health and wellbeing. Services are provided by appointment. Health Education Programs

Student Health Insurance
The Accident and Sickness Insurance is automatically included on your semester bill if you are a full time student. If you have your own health insurance, you have the option of waiving out of the Accident and Sickness Insurance by using the waiver form. Students who opt out of the Student Health Insurance Plan still have access to all services within the Wellness Center. Please consider the following in making your decision: Your current Insurance policy must be comparable to college plan and serviceable in this area (not exclusively emergency room services).
Your current insurance may not cover the types of expenses most frequently incurred by college age individuals such as outpatient referrals, or may cover them only after a deductible or copayment; the college accident & sickness insurance plan helps cover those expenses.
If your current coverage is through an HMO or PPO out of the Cobleskill area, services locally may be limited or may be charged to you at a higher, non-preferred rate. We encourage you to contact your health insurance company to investigate your coverage in the Cobleskill area.
Coverage through parents' policies may end on a student's birthday, i.e., ages 19, 23, or 25.
The college accident & sickness insurance program provides an important level of coverage in addition to Medicare or Medicaid, if those are your only coverages, allowing you greater flexibility and choice in the event of an illness. Summer insurance coverage is also available by contacting the Wellness Center.
Please be aware that the Wellness Center on campus is intended to be the primary source of health care for students. The Accident and Sickness Insurance Plan is designed to complement the services of the Wellness Center. There are limitations and restrictions in the Plan. See http://www.cobleskill.edu/wellness for more information.
The campus accident and sickness insurance plan is also available for part-time students, and spouses and dependents of all enrolled students. Contact the Wellness Center at 255-5225 for more information.
SUNY Cobleskill is not responsible for costs associated with injuries or accidents that occur on campus property or at sponsored events. SUNY Cobleskill is also not responsible for health insurance deductibles or co-pays.

Student Behavior Assessment Team
The student Behavior Assessment Team is a group representative of a wide array of campus community members which meets regularly to review and act upon reports of behaviors of concern. Campus community members may
report such behaviors to the chair of the committee, the Assistant Vice President for Student Development, or the Co-Directors of the Wellness Center or the Chief of University Police.

IMPORTANT POLICIES

Violations of any part of the policies named herein constitute grounds for campus disciplinary action under the Judicial System or under the grievance procedures guaranteed as rights to each person by the policy statement.

ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)

Since there is no evidence that persons with AIDS or those who test positive for the HIV virus pose a risk to the general public through casual (non-sexual) contact, the College does not support mandated testing of any group or individual. Furthermore, the College takes a strong position that the civil rights of any person or group cannot be abridged without sufficient evidence that such action is necessary. Accordingly, the College does not discriminate against persons with AIDS. Students have access to free, confidential, HIV testing at the Wellness Center. Anonymous HIV testing is available in Albany, call 1-800-962-5065.

The Director of Health and Counseling Services acts as the spokesperson for SUNY Cobleskill with regard to information about AIDS. A procedure for reviewing specific situations pertaining to students is in place under the jurisdiction of the Vice President for Student Development.

ADMINISTRATIVE WITHDRAWAL DUE TO MENTAL AND/OR MEDICAL HEALTH CONDITION

The campus may remove access for a student when the President, the Vice President for Student Development, or designee determine that a student’s continued presence poses an appreciable risk to the campus community and/or a serious and imminent threat to a person’s health or safety directly related to a student’s mental and/or medical health condition.

To determine whether to implement an administrative withdrawal, a review is conducted by the Vice President for Student Development or designee based upon a report(s) by a member of the College’s professional medical and mental health staff who have consulted with/received information from campus constituents and reviewed such information with their administrative supervisor(s) and as necessary with appropriate legal counsel.

Students administratively removed may be request an opportunity for appeal before the President of the College or designee within 48 hours of receipt of the withdrawal decision. Such an appeal hearing will be held within five days after receipt of the student’s submitted written request. The appeal process may consist of relevant college staff being present. The student may be assisted in this hearing with a member of the faculty or staff.

The student may also be accompanied by legal counsel, who will be limited to providing legal advice to the student. The hearing shall be conversational and non-adversarial. A written appeal decision shall be delivered by the President of the College or designee within three days after the appeals hearing on the decision of the withdrawal of such student. If the student chooses to not to request or fails to attend the appeals hearing, the administrative withdrawal process is final, with no further option for appeal.

The President, Vice President for Student Development and/or designee may extend any of the above timeframes for good cause shown.

ADMINISTRATIVE WITHDRAWAL REVIEW UPON RE-ENTRY DUE TO MENTAL AND/OR MEDICAL HEALTH CONDITION

Students who are removed from campus for emergency medical evaluation and/or treatment are required to be processed through an administrative re-entry review. This process will be scheduled on the business day following the student’s discharge from medical care to consider the student’s requested return to the campus and will be facilitated by the Vice President for Student Development or designee. The purpose of this review process will be to consider the request for re-entry, the circumstances for removal from campus, discharge referrals, treatment recommendations, and campus support services available to the student. The review process will include discussion of the student's fitness to return to the academic and social rigors of a college environment. The campus expectations regarding student behavior and good citizenship following return to the campus will also be reviewed and must be agreed upon by the student. If the student fails to participate in
the administrative re-entry process, a recommendation will be made for an administrative withdrawal review and determination.

AFFIRMATIVE ACTION POLICY
SUNY Cobleskill is firmly committed to providing equal educational and employment opportunities for all persons, without regard to an individual's race, color, national origin, religion, creed, age, disability, sex, gender identity, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. The College’s affirmative action obligations reflect not only federal and state laws, but also the College's and the State University of New York’s longstanding commitment to the ideals of fairness, access and excellence. Further, the College believes that its mission as an institution of higher education demands that it be committed to increasing the representation of protected groups throughout the workforce.

AFFIRMATIVE CONSENT
Affirmative consent is a knowing and voluntary and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

1. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
2. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
3. Consent may be initially given but withdrawn at any time.
4. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
5. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
6. When consent is withdrawn or can no longer be given, sexual activity must stop.

ALCOHOL POLICY
Alcoholic beverages are not permitted on the campus, in buildings (including residence halls, except Alumni Commons), grounds, athletic fields, or facilities of the College or of the Cobleskill Auxiliary Services except by special authorization (approval) by the College President or designee. The possession/control, use or involvement of any kind with alcoholic beverages and alcohol-related paraphernalia (for example: beer taps, funnels, kegs, or empty or full alcohol containers, etc.) is prohibited.

BIAS PROTOCOL
What are Bias Acts and Hate Crimes?
A bias act is conduct that adversely and unfairly targets an individual or group based on the social identity categories of national origin, ethnicity, race, age, religion, gender, gender identity & expression, sexual orientation, disability, veteran status, color, creed, marital status or any other protected class or combination of these characteristics. The perpetrators may be known or unknown to the victim(s) and the act may be verbal, written or physical and occur on the SUNY Cobleskill campus or at a location connected to the campus community. Activity protected by the First Amendment (freedom of speech) will not be considered a bias act.
According to New York State Penal Law §485.05, a person commits a hate crime when he or she commits a specified criminal offense and either intentionally commits the act or intentionally selects the person against whom the offense is committed in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability, sexual orientation, or other protected class of a person, regardless of whether the belief or perception is correct.

**College Response to Bias Acts and Hate Crimes**

SUNY Cobleskill responds to bias acts, including hate crimes, according to procedures outlined herein. Reports of bias acts will be taken seriously and reviewed by appropriate college staff. The policy has been reviewed and ratified by the President’s Cabinet and is re-evaluated on a regular basis.

Responses to a report of a bias act or hate crime may include investigation and adjudication as appropriate by the University Police Department (UPD), the Office of Student Development, or Human Resources. Other kinds of responses (e.g., training or programming about bias act prevention, facilitated meetings among those who have perpetrated bias acts, or those who have been targeted, etc.) are arranged on a case-by-case basis. Persons or communities who have been targeted will be contacted to discuss possible responses and options for investigation and adjudication.

**If You Are a Target of or a Witness to a Bias Act or Hate Crime:**

1. Be a pro-active, pro-social bystander. Take action (as noted below) if you observe or encounter bias or hate on campus.
2. Contact UPD at 518-255-5555 (ext. 5555 from a campus phone) or call x911 or via any of the emergency blue light phones on campus. Please provide a detailed description of the incident; OR
3. Submit a report via the Bias Acts Reporting Form. This report will go to UPD; OR
4. Submit an anonymous report to UPD.
5. Utilize the confidential services of the Wellness Center, which are available to support victims of bias or hate.

**Bias Act Reporting Guidelines**

If you think you are the target of a bias-related act or if you witness a bias-related act, please follow the reporting procedures outlined below:

**Graffiti**

- Do not erase or clean the graffiti. Contact UPD immediately so that an officer is able to take photographs and/or record the contents of the graffiti and collect any other evidence available.
- If you cannot remain at the scene until an officer arrives, cover any graffiti/evidence with a piece of paper. Write on the paper that UPD was called and give the date and time of your call. This will prevent others from seeing the graffiti and making additional calls or erasing the evidence.
- If you are told by someone that they observed bias-related graffiti, you or the person who told you should contact UPD.

**Other Property Damage**
• Do not attempt to clean or repair the damage.
• Contact UPD immediately to ensure that an officer will collect evidence and record the damage. UPD and/or Residential Life may contact an emergency maintenance staff member if the damage makes a structure or an area unsafe.

Verbal Harassment and/or Threats
• Students: Contact UPD immediately and provide detailed descriptions of what happened, what was said, who was involved, and where it occurred. Also include names of any witnesses.
• Employees: Call UPD in the event of an emergency; otherwise, please follow the Workplace Violence Prevention Policy. This policy recommends you discuss the incident with your supervisor, who will then contact Human Resources for investigation, follow-up, and support as needed. Alternatively, you can contact HR directly. For additional information, you may also refer to the Non-Discrimination Policy.

Physical Attack
• Contact UPD immediately for medical evaluation and assistance by dialing 911 from any campus phone or 518-255-5555 from a cell phone. For employees, this also falls under the Workplace Violence Prevention Policy. A UPD Officer will provide you with instructions on how to proceed.

Anonymous Reporting
• If an individual wishes to remain anonymous, one may still report a bias act or hate crime by using the anonymous tip line located on the University Police Department website. Although the investigation will be limited, it will provide a record that may assist officers in resolving other cases. Anonymous reports will also allow the campus to keep a more accurate record of bias act or hate crimes that occur in our community.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)
The Family Educational Rights and Privacy Act (FERPA) affords parents and students certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day SUNY Cobleskill receives a request for access. Parents or eligible students should submit to the College Registrar a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students who wish to ask SUNY Cobleskill to amend a record should write the College Registrar, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include
a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the college may disclose education records without consent to officials of another school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by SUNY Cobleskill to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

SUNY Cobleskill and SUNY System Administration
SUNY Cobleskill and SUNY System Administration are deemed "school officials" with "legitimate educational interest" under FERPA. SUNY Cobleskill and SUNY System Administration share student record information regularly in support of student needs. Students' personally identifiable information is protected within both entities and requires student authorization to share any non-directory information with a third party request.

following the first day of classes each semester. Completion of this document means Directory Information will be excluded indefinitely unless a student completes and submits the FERPA Revocation of Confidentiality Directory Exclusion Request.

HAZING
Hazing in every form is prohibited. Hazing is considered to be interference with personal liberty of others and includes any act of domination by some students over others which may lead to injury, emotional disturbance, physical discomfort or humiliation. Soliciting, directing, aiding or otherwise participating actively or passively, in such activities constitutes hazing. In addition, apathy or acquiescence in the presence of hazing is not a neutral act and is considered approval of the hazing behavior.

Effective, efficient, ethical and legal use of any computer account issued by SUNY Cobleskill is the responsibility of the person in whose name it is issued. Unauthorized use of computer services will be considered to be theft of services; will result in immediate suspension of your account privileges; and will be dealt with according to the "appropriate disciplinary process" and/or Chapter 514 of the New York State Penal Law. The full text of the Computing Resources Policy is in the Information Technology Student Handbook located at: http://www.cobleskill.edu/information-technology/ITWeb_StudentHandbook2016.pdf. Other useful links to Information Technology Services (ITS) resources and services are located on the ITS Homepage: http://www.cobleskill.edu/information-technology/

Network Access Policy

ITS requires registration of all devices accessing our Network and Internet services. All Internet capable devices must meet our WPA2 Enterprise Encrypted requirements. Students who have successfully registered their devices are compliant with the following campus network requirements and accept responsibility for any and all activities under their registered account and network port:

1. All computers are required to have a valid registered copy of an operating system.
2. All computers are required to have all available MS Windows and Mac OS critical updates applied.
3. All computers are required to have valid and regularly updated anti-virus software; students without anti-virus software may obtain it through the ITS Helpdesk (518-255-5800) located in Warner Hall 023.
4. File-sharing programs, Internet/Intranet gaming and networking devices and services (such as servers, routers/switches, web servers, etc.) that compromise network integrity and/or stability are prohibited on the residence hall network.
5. All portable, Internet capable wireless devices also require activation. Each user is limited to 5 device registrations.

Once registered to a specific student, all activities conducted through the registered port are the responsibility of that resident. ITS routinely maintains and monitors residence halls to maintain a secure and stable network environment. Sanctions will be imposed for any student not in compliance in accordance with the Campus Computer Resource Policy. Procedures for Suspected Abuse/Misuse of Computer or Network Hardware, Software and Systems Due to the potentially serious impact upon other users and the potential damage to the integrity of College records and resources, any suspected abuse or misuse of College computer and/or network hardware, software, and systems must be addressed immediately. Therefore, upon discovery or notification of an alleged abuse or misuse, the student’s computer account and/or network access will be temporarily deactivated. The student will be notified of the status of his/her account and/or network access. He/she will need to meet with the Information Technology Services Systems and Network Administrator and/or his/her designee before the account and/or network access can be reinstated. The Systems and Network Administrator or designee will explain to the student the nature of the alleged violation and seek to determine whether the incident or condition is deliberate, intentional, or unintentional and to determine any associated facts, involvement of others, and the like. If the Systems and Network Administrator or designee determines that the incident was unintentional, caused by inexperience or lack of understanding, the account and/or network access may be reactivated without further hearing. If, however, the intentional abuse or misuse is determined, the student’s account and/or network access will remain deactivated and the Administrator or designee will convene a meeting of the Student Access Violation Committee. The Committee shall take one of two actions: reactivate the student’s account and/or network access and provide appropriate education, or file judicial charges.
with the Office of the Vice President for Student Development for action through the student judicial system. (Temporary reactivation may be implemented by the Committee.) Additional incidents will be viewed as very serious.

MANDATORY HEALTH RECORDS
SUNY Cobleskill is committed to maintaining a learning environment conducive to personal health and safety. A complete health history prior to initial registration is required of all matriculated students. This requirement is waived for non-matriculated and Saturday College students only.

In order to minimize the risk of communicable diseases, ALL students are required to provide proof of immunity to Measles, Mumps, and Rubella (MMR), Tetanus, Diphtheria and Pertussis as well as the results of a TB test, unless they have been granted a specific exemption. These immunization requirements exceed the New York State Public Health Law. In addition, New York State requires that we inform students about Bacterial Meningitis and the vaccination against it. Students must read and acknowledge receipt of this information found in the Health & Immunization Record.

Contact the Wellness Center if you have any questions about this disease at 518-255-5225. Any student who is not in compliance with these mandatory Health Record, MMR, TB and Tetanus, Diphtheria and Pertussis requirements within thirty days of initial registration will be excluded from residential living and/or class participation with no special consideration for refunds.

NO DISCRIMINATION ON THE BASIS OF DISABILITY
A disability, as defined in the Rehabilitation Act of 1973, is a physical or mental impairment which substantially limits one or more of a person’s basic life activities. The term disability may be used to refer to a visual, auditory, mobility, or other health related impairment, emotional difficulty, or learning disability. Some disabilities are not outwardly obvious, so appearance is not a reliable way to determine if someone has a disability. Some disabilities may be permanent or chronic, others may be temporary. In addition to the Rehabilitation Act, colleges and universities must comply with the Americans with Disabilities Act of 1990 and its 2010 amendments (the ADAAA). The ADAAA guarantees equal opportunity for individuals with disabilities in employment, public accommodations, transportation, state and local government services and telecommunication – including technology/internet access. The aim is to reduce barriers and create more open and equal access for all.

These mandates have promoted the development of disability support service programs in colleges and universities across the country. Institutions which receive federal financial assistance must be prepared to make appropriate academic adjustments and reasonable modifications to policies and practices in order to allow the full participation of students with disabilities in the same programs and activities available to non-disabled students. This applies to students with both permanent and temporary disabilities.

At SUNY Cobleskill, AccessABILITY Resources is the office which ensures that reasonable accommodations are put into place for students. Students desiring accommodations must provide documentation of their disability, and work with AccessABILITY Resources to develop an accommodation plan for each semester. This plan can be adjusted when new information is available. AccessABILITY Resources is located in the lower level of VanWagenen Library and may be reached by calling 518-255-5282 or 518-255-5870. There is a grievance process for students who feel that their academic accommodations have not been honored. The grievance procedure can be found at: https://www.cobleskill.edu/academics/educational-support-services/accessability-resources/grievance_procedures.aspx. In addition, students with disabilities have other rights regarding residence hall living, as protected under the federal Fair Housing Act.

POLICY FOR CAMPUS POSTINGS
Campus bulletin boards and sidewalks may be used by recognized campus organizations or College
offices provided the material is not in conflict with the standards of the Institution. Materials for posting and chalking must be approved by the Director of the Office of Student Leadership prior to distribution or placement on the sidewalk. All postings must have the name of the organization or department sponsoring and a contact email or telephone number. Once approval has been granted, distribution on any campus bulletin boards or authorized sidewalks may commence.

Poster, flyers, or other materials that have not been approved for posting/chalking are subject to being removed. Posting materials in areas other than actual bulletin boards (for example windows, doors, walls, non-authorized sidewalks, etc.), may also result in the removal of materials. Some campus bulletin boards are covered and locked. These boards require special access for posting. Taping materials on the outside of the glass of these bulletin boards is not permitted. Organizations external to the campus may request to post materials which are not in conflict with the standards of the College by submitting those materials for approval by the Director of the Office of Student Leadership.

RACIAL HARASSMENT POLICY
I. Background - The Cobleskill campus community depends on trust and civility. A willingness to recognize the dignity and worth of each person at the college is essential to our mission. It is the responsibility of each person on campus to respect the personal dignity of others. Cobleskill celebrates the growing diversity of its community. Students, faculty and staff come to Cobleskill from many different backgrounds. Learning to understand the differences among us as well as the similarities is an important dimension of education, one that continues for a lifetime. Tolerance alone, however, is not enough. Respect and understanding are also needed. We should celebrate our differences, and should seek to appreciate the richness and personal growth which our diversity provides to us as members of this community.

The Cobleskill campus cannot accept discriminatory acts of racially based harassment and therefore has adopted the following policy concerning racial harassment.

II. Purpose and Definition
a. Purpose
Racial harassment shall not be tolerated at Cobleskill, not only because it is reprehensible and discriminatory, but because it constitutes a form of conduct that seriously undermines the atmosphere of trust and mutual respect that is essential to an academic environment and a democratic society.

b. Definition
For the purpose of college policy, the term "racial harassment" refers to any behavior, verbal or physical, that stigmatizes or victimizes individuals on the basis of race, ethnic or national origin which includes:
1. Creating an intimidating or offensive academic living or work environment for the individual.
2. Interfering with an individual's academic or work performance.
3. Involving a stated or implicit threat to an individual's academic or employment status.
4. Using inappropriate or offensive language or behavior based on racial stereotypes. The College regards such behavior as a violation of the standards of conduct required of all persons associated with the institution and a violation of the Violence and Unacceptable Behavior Policy (see pg. 36). The prohibition against racial harassment applies to all interactions occurring on campus, in college facilities, or within the context of college related activities. It also applies to acts of retaliation against members of the community who have filed complaints under this policy.

In determining whether an act constitutes racial harassment, the totality of the circumstances that pertain to any given incident in its context must be carefully reviewed and due consideration must be given to the protection of individual rights, freedom of speech, academic freedom, and advocacy.

III. Resolution
Members of the campus community (faculty, staff, and students) who feel that they have been the victim of racial harassment have the following options available to them to facilitate resolution:
1. Mediation with a neutral third party, see page 78 of this handbook.
2. File a charge of infraction or violation with the campus Conduct Board, see page 78 of this handbook.
3. File a grievance with the campus Affirmative Action Officer (Knapp Hall, Room 123). This procedure, which may be used by any State University of New York student or employee, is in
IV. Implementation

The Office of the President will be responsible for the implementation of this policy.

SELLING/SOLICITATION

The College reserves the right to approve or disapprove requests to provide or advertise services on the campus. Students and visitors must inquire regarding an application at the Center for Campus Engagement and Leadership (Bouck Hall). The College does not approve advertising involving sale or distribution of alcoholic beverages or credit cards. The Cobleskill Auxiliary Services, Inc. has the major responsibility for providing auxiliary services on the campus.

SEXUAL HARASSMENT RESPONSE AND PREVENTION POLICY

Sexual harassment is a form of sex discrimination which is unlawful in the workplace under Title VII of the Civil Rights Act of 1964, as amended, and the New York State Human Rights Law. Under Title IX of the Educational Amendments of 1972, sexual harassment also is prohibited in the provision of educational services and protects students and employees from sexual harassment.

Sexual harassment can occur between males and females, or between persons of the same sex. Sexual harassment will not be tolerated at SUNY. The University has implemented measures to address and prevent sexual harassment and is taking additional affirmative steps to increase awareness of, and sensitivity to, all forms of sexual harassment in order to maintain a workplace and learning environment free of its harmful effects.

In accordance with applicable law, sexual harassment is generally described as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of employment or academic benefit; or
- Submission to or rejection of the conduct is used as the basis for an employment or academic decision affecting the person rejecting or submitting to the conduct; or
- The conduct has the purpose or effect of unreasonably interfering with an affected person’s work or academic performance, or creating an intimidating, hostile or offensive work or learning environment.

Sexual harassment can include physical touching, verbal comments, non-verbal conduct such as leering or inappropriate written or electronic communications, or a combination of these things. Examples of sexual harassment may include, but are not limited to:

- Seeking sexual favors or a sexual relationship in return for the promise of a favorable grade or academic opportunity;
- Conditioning an employment-related action (such as hiring, promotion, salary increase, or performance appraisal) on a sexual favor or relationship; or
- Intentional and undesired physical contact, sexually explicit language or writing, lewd pictures or notes, and other forms of sexually offensive conduct by individuals in positions of authority, co-workers or
student peers, that unreasonably interferes with the ability of a person to perform his or her employment or academic responsibilities.

Sexual harassment is considered a form of employee and student misconduct which may lead to disciplinary action.

Instances of sexual harassment or gender discrimination should be reported to Lynn Berger, Director of Human Resources and Affirmative Action.

TOBACCO USE POLICY
All members of the campus community, including visitors and guests, are required to comply with the SUNY Cobleskill Tobacco Use Policy. The Tobacco Use Policy defines tobacco use as smoking, the use of e-cigarettes, and/or the use of smokeless tobacco products. The policy states:

TRANSCRIPT NOTATION OF NON-ACADEMIC DISCIPLINARY ACTION
Introduction: Students who are found responsible and are suspended or dismissed for serious violations of the Student Conduct Code may receive a transcript notation. The transcript notation may be permanent or it may be subject to petition for removal after the period of suspension, depending on the particular disciplinary action. A. Dismissal: When a student has been dismissed for serious violations of the Student Conduct Code, upon notification by the vice president for student development, the registrar will automatically
place the notation "dismissed, disciplinary reasons" on the academic transcript. This notation will remain on the academic transcript permanently.

B. Suspension: When a student has been suspended for serious violations of the Student Conduct Code, upon notification by the Vice President for Student Development, or designee, the registrar will automatically place the notation “suspension, disciplinary reasons” on the academic transcript. This notation will remain on the academic transcript at least for the period of suspension. Suspension for hazing or other serious violations will permanently remain on the transcript. Others can petition to have the notation removed as follows:

- Student is readmitted to SUNY Cobleskill: Upon completion of one academic year free of further disciplinary action, the student may make a written request to the Vice President for Student Development to have the transcript notation removed. The vice president for student development will notify the student in writing of his/her decision. The decision of the vice president for student Development may be appealed to the college president. The decision of the president is final.
- Student does not return to SUNY Cobleskill: Upon conclusion of the suspension plus one full year, the student may make a written request to the Vice President for Student Development to have the transcript notation removed. The vice president for student development will notify the student in writing of his/her decision. The decision of the Vice President for Student Development may be appealed to the College President. The decision of the president is final. The Vice President for Student Development may have the transcript notation restored if the student becomes involved in any disciplinary incident on campus or in any criminal action connected with the College.

C. Notification: This information will be communicated to the student at the time of the initial notification of suspension/dismissal.

D. Disciplinary Action Pending: The director of student conduct will place a Banner hold on the record of students who may leave SUNY Cobleskill prior to the disposition of alleged violations. For more serious alleged policy violations, the Director of Student Conduct may recommend to the Vice President for Student Development that a transcript notation of “disciplinary action pending” be placed on the academic transcript. At the request of the student, arrangements can be made to resolve the pending disciplinary action during his or her separation from the College. If such a request is not made, appropriate action will be taken upon the student's return to SUNY Cobleskill. The notation will remain on the transcript until appropriate disposition of the alleged violation has been made.

VIOLENCE AND UNACCEPTABLE BEHAVIOR POLICY
A basic tenet of our society is that every citizen has the right to security in both person and property.

Our laws prohibit the physical abuse of persons and the illegal appropriation and destruction of property. The effect of these laws is to provide a context in which persons can realize their potential as social, political, economic and creative beings.

SUNY Cobleskill is a place of learning, where students of all ages, races, creeds, sexual orientations, and ethnic origins have the opportunity to develop skills and knowledge toward goals that will make them effective citizens and promote their well-being. The College expects that all members of the community share these goals.

Behaviors undertaken which flagrantly and consistently disrupt the educational process, and/or physically abuse or harass other persons will not be tolerated and, after determination by the campus judiciary process, will subject the responsible student to campus disciplinary sanctions (which may include College Dismissal) as well as
criminal prosecution.

Similarly, behaviors undertaken which displays willful damage and/or destruction to the property of the campus or members of the campus community or campus visitors, thereby degrading the quality of student life and increasing the cost of education, will subject the responsible student to campus disciplinary sanctions (which may include College Dismissal) as well as criminal prosecution.

Moreover, behaviors undertaken which diminish the dignity of other members of the community through sexual harassment or racial, sexual, religious, or ethnic disparagement, which are unlawful and inconsistent with the College's aspiration to produce citizens respectful and tolerant of the diversity of people, will subject the responsible student to campus disciplinary sanctions (which may include College Suspension and/or Dismissal).

SUNY Cobleskill attempts to provide a clean, attractive, healthy and safe learning environment for its students. However, the degree to which all students can realize their intellectual and social potential depends on the willingness of the entire community to promote and maintain mutual respect and dignity.

**Policies on Sexual Violence Prevention and Response**

**Definition of Affirmative Consent**

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

a) Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.

b) Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

c) Consent may be initially given but withdrawn at any time.

b) Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

e) Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

f) When consent is withdrawn or can no longer be given, sexual activity must stop.

**Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases**

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. SUNY Cobleskill recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Cobleskill strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials.
A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to SUNY Cobleskill officials or law enforcement will not be subject to SUNY Cobleskill’s code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

**Campus Climate Assessment Policy**

Climate assessments afford institutions the opportunity to better understand their campus and to make informed decisions when it comes to providing a safe educational environment. Each State University of New York State-operated and community college will conduct a uniform climate survey that ascertains student experience with and knowledge of reporting and college adjudicatory processes for sexual harassment, including sexual violence, and other related crimes.

The survey will address at least the following:

- Student and employee knowledge about:
  - The Title IX Coordinator’s role;
  - Campus policies and procedures addressing sexual assault;
  - How and where to report sexual violence as a victim/survivor or witness;
  - The availability of resources on and off campus, such as counseling, health, academic assistance;
  - The prevalence of victimization and perpetration of sexual assault, domestic violence, dating violence, and stalking on and off campus during a set time period (for example, the last two years);
  - Bystander attitudes and behavior;
  - Whether victims/survivors reported to the College/University and/or police, and reasons why they did or did not report.
  - The general awareness of the difference, if any, between the institution’s policies and the penal law; and
  - The general awareness of the definition of affirmative consent.

Every institution shall take steps to ensure that answers remain anonymous and that no individual is identified. Results will be published on the campus website providing no personally identifiable information shall be shared.

**Students’ Bill of Rights**

**Options for Confidentially Disclosing Sexual Violence**

The State University of New York and SUNY Cobleskill want you to get the information and support you need regardless of whether you would like to move forward with a report of sexual violence to campus officials or to police. You may want to talk with someone about something you observed or experienced, even if you are not sure that the behavior constitutes sexual violence. A conversation where questions can be answered is far superior to keeping something to yourself. Confidentiality varies, and this document is aimed at helping you understand how confidentiality applies to different resources that may be available to you.

**Privileged and Confidential Resources:**

Individuals who are confidential resources will not report crimes to law enforcement or college officials without your permission, except for extreme circumstances, such as a health and/or safety emergency. At SUNY Cobleskill,
Off-campus options to disclose sexual violence confidentially include (note that these outside options do not provide any information to the campus):

- Off-campus counselors and advocates. Crisis services offices will generally maintain confidentiality unless you request disclosure and sign a consent or waiver form. More information on an agency’s policies on confidentiality may be obtained directly from the agency.
- Sexual Assault & Violence Response (SAVR) Resources: [https://www.suny.edu/violence-response/](https://www.suny.edu/violence-response/)
- Off-campus healthcare providers
  - Note that medical office and insurance billing practices may reveal information to the insurance policyholder, including medication and/or examinations paid for or administered. The New York State Office of Victim Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency compensation. More information may be found here: [http://www.ovs.ny.gov/files/ovs_rights_of_cv_booklet.pdf](http://www.ovs.ny.gov/files/ovs_rights_of_cv_booklet.pdf), or by calling 1-800-247-8035. Options are explained here: [http://www.ovs.ny.gov/helpforcrimevictims.html](http://www.ovs.ny.gov/helpforcrimevictims.html).

Off-campus options to disclose sexual violence confidentially include:

- Beard Wellness Center, 518-255-5225, wellnesscenter@cobleskill.edu
- Marie Gerhardt, Employee Assistance Program Coordinator, 518-255-5369, gerharmo@cobleskill.edu

Note that even individuals who can typically maintain confidentiality are subject to exceptions under the law, including when an individual is a threat to him or herself or others and the mandatory reporting of child abuse.

**Privacy versus Confidentiality:**

Even SUNY Cobleskill offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues. SUNY Cobleskill will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

**Requesting Confidentiality -- How SUNY Cobleskill Will Weigh the Request and Respond:**

If you disclose an incident to a College employee who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality or do not consent to the institution’s request to initiate an investigation, the Title IX Coordinator must weigh your request against our obligation to provide a safe, non-discriminatory environment for all members of our community, including you.

We will assist you with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of your reporting choices. While reporting individuals may request accommodations through several college offices, the following office can serve as a primary point of contact to assist with these measures.

- Lynn Berger, Director of Human Resources and Affirmative Action/Title IX Coordinator, 518-255-5465, bergerla@cobleskill.edu, Knapp Hall 123

We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclosed.

We may seek consent from you prior to conducting an investigation. You may decline to consent to an investigation, and that determination will be honored unless the College’s failure to act does not adequately mitigate the risk of harm to you or other members of the College community. Honoring your request may limit our ability to meaningfully investigate and pursue conduct action against an accused individual. If we determine that an
When you disclose an incident to someone who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality, SUNY Cobleskill will consider many factors to determine whether to proceed despite that request. These factors include, but are not limited to:

- Whether the accused has a history of violent behavior or is a repeat offender;
- Whether the incident represents escalation, such as a situation that previously involved sustained stalking, the increased risk that the accused will commit additional acts of violence;
- Whether the accused used a weapon or force;
- Whether the reporting individual is a minor; and
- Whether we possess other means to obtain evidence such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group.

If the College determines that it must move forward with an investigation, the reporting individual or victim/survivor will be notified and the College will take immediate action as necessary to protect and assist them.

**Public Awareness/Advocacy Events:**
If you disclose a situation through a public awareness event such as “Take Back the Night,” candlelight vigils, protests, or other public event, the College is not obligated to begin an investigation. SUNY Cobleskill may use the information you provide to inform the need for additional education and prevention efforts.

**Anonymous Disclosure:**

New York State Hotline for Sexual Assault and Domestic Violence: 1-800-942-6906
The Hotline is for crisis intervention, resources and referrals and is not a reporting mechanism.

**Institutional Crime Reporting:**
Reports of certain crimes occurring in certain geographic locations will be included in the SUNY Cobleskill Clery Act Annual Security Report in an anonymized manner that neither identifies the specifics of the crime or the identity of the reporting individual or victim/survivor.

- Lynn Berger, Director of Human Resources and Affirmative Action/Title IX Coordinator, 518-255-5465, bergerla@cobleskill.edu, Knapp Hall 123
- Thomas Rehberg, Acting Chief of Police and Emergency Management, [518 255 5317](tel:5182555317), RehberTD@cobleskill.edu, Johnson Hall

SUNY Cobleskill is obligated to issue timely warnings of Clery Act crimes occurring within relevant geography that represent a serious or continuing threat to students and employees (subject to exceptions when potentially compromising law enforcement efforts and when the warning itself could potentially identify the reporting individual or victim/survivor). A reporting individual will never be identified in a timely warning.

The Family Educational Rights and Privacy Act allows institutions to share information with parents when (1) there is a health or safety emergency, or (2) when the student is a dependent on either parents’ prior year federal income tax return. Generally, SUNY Cobleskill will not share information about a report of sexual violence with parents without the permission of the reporting individual.

**Student Onboarding and Ongoing Education**
The State University of New York and its State-operated and community colleges believe that sexual violence prevention training and education cannot be accomplished via a single day or a single method of training. To that end, SUNY campuses will continue to educate all new and current students using a variety of best practices aimed at educating the entire college community in a way that decreases violence and maintaining a culture where sexual assault and acts of violence are not tolerated.

All new first-year and transfer students will, during the course of their onboarding to a SUNY State-operated or community college, receive training on the following topics, using a method and manner appropriate to the institutional culture of each campus:

- The institution prohibits sexual harassment, including sexual violence, domestic violence, dating violence, stalking, other violence or threats of violence, and will offer resources to any victims/survivors of such violence while taking administrative and conduct action regarding any accused individual within the jurisdiction of the institution.
- Relevant definitions including, but not limited to, the definitions of sexual violence and consent.
- Policies apply equally to all students regardless of sexual orientation, gender identity, or gender expression.
- The role of the Title IX Coordinator, University Police, and other relevant offices that address violence prevention and response.
- Awareness of violence, its impact on victims/survivors and their friends and family, and its long-term impact.
- The Students’ Bill of Rights and Sexual Violence Response Policy, including:
  - How to report sexual violence and other crimes confidentially, and/or to college officials, campus law enforcement and security, and local law enforcement.
  - How to obtain services and support.
- Bystander Intervention and the importance of taking action, when one can safely do so, to prevent violence.
- The protections of the Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases.
- Risk assessment and reduction including, but not limited to, steps that potential victims/survivors and potential assailants and bystanders to violence can take to lower the incidence of sexual violence.
- Consequences and sanctions for individuals who commit these crimes.

The onboarding process is not limited to a single day of orientation, but recognizes that students enroll at different times at different SUNY campuses and gives campuses the flexibility to best educate students at a time and manner that can most effectively bring these points to light. SUNY will conduct these trainings for all new students, whether first-year or transfer, undergraduate, graduate, or professional. Each campus shall use multiple methods to educate students about sexual violence prevention. Each SUNY institution will also share information on sexual violence prevention with parents of enrolling students.

Students at SUNY State-operated and community college campuses shall be offered general and specialized training in sexual violence prevention. Each institution will conduct a campaign, compliant with the requirements of the Violence Against Women Act, to educate the student population. Further, institutions will, as appropriate, provide or expand specific training to include groups such as international students, students that are also employees of the campus, leaders and officers of registered/recognized student organizations, online and distance education students. Institutions will also provide specific training to members of groups identified as likely to engage in high-risk behavior.

SUNY State-operated and community colleges requires that student leaders and officers of registered/recognized student organizations and those seeking recognition complete training on domestic violence, dating violence, sexual assault, or stalking prevention as part of the approval process and require student-athletes to complete training in
domestic violence, dating violence, sexual assault, or stalking prior to participating in intercollegiate athletics.

STUDENT CONDUCT CODES
Students, like all citizens, are held accountable within the behavioral parameters of our society, as defined by local, state, and federal laws and statutes. In addition, students are also held accountable for behavior as defined by the Student Conduct Codes of the College. Students are all persons taking courses at the College, both full-time and part-time, or those individuals who were students at the time of a violation of the Student Conduct Codes, as well as individuals on College or Cobleskill Auxiliary Services premises for any purpose related to registration for enrollment. Persons who are not officially enrolled for a particular term but who have a continuing relationship as a student with the College are considered students.
Students may be charged with behaviors which violate both campus Student Conduct Codes and the laws of the broader society; in such situations, the on-campus disciplinary hearing may be held while off-campus resolutions are still pending. Every effort is made to maintain the integrity and independence of the Student Conduct System. Each student is held accountable for her/his behavior under the conduct system of the College. Students are expected to be familiar with all College regulations and to abide by them at all times in order to maintain a fair, just, and safe College community environment.

These codes apply specifically to behavior on College-owned or -controlled property, on property and in facilities of the Cobleskill Auxiliary Services, and at college authorized functions off-campus. Certain Codes may apply to actions off-campus (in the Village of Cobleskill and/or on authorized field trips, for example) as noted, as the student’s conduct may adversely affect the campus community or undermine the interests and/or mission of the institution.

SUNY Cobleskill recognizes that social media is an essential positive resource that students utilize to establish digital citizenship and is an important tool in building a supportive community. Although SUNY Cobleskill does not restrict student use of social media, any behavior that occurs via social media that violates the Student Conduct Code, regardless of electronic medium, is subject to Campus disciplinary action.

Any violation of the Student Conduct Code is strictly prohibited and may result in disciplinary action ranging from a warning letter to probation, suspension, or dismissal from the College. The conduct system is educational in nature and every effort is made to develop understanding and compliance with the College standards of conduct.

Description of the Student Conduct System
The State University of New York has provided for each campus the opportunity and responsibility to establish regulations governing student conduct and behavior. Within the framework created by the State University the (local) College Council shall promulgate or review and ratify regulations governing the conduct and behavior of students, subject to general guidelines established by the Chancellor, and in accordance with law and such other rules or policies as the trustees may from time to time establish. Authority for the administration of regulations at a campus rests with the campus President (Chief Administrative Officer).

The Vice President for Student Development is designated by the President to administer the student conduct system, under the supervision of the President. The responsibilities of the Vice President include the authority to designate a professional person as Director of Student Conduct whose responsibilities include training and supervision of Conduct Board members and Student Conduct Hearing Officers, communication with students and parents, and oversight and review of all cases.

Members of the faculty, staff, and student body participate meaningfully in the formulation and periodic review of these regulations in order that campus mission and specific objectives may be supported and accomplished.

Faculty-Student Conduct Board(s)
Faculty members are appointed to the Faculty-Student Conduct Board(s). Note that “faculty” in this context refers to both teaching and non-teaching faculty (professional staff) as well as classified staff. No less than three members of the Faculty are appointed per year, usually for two- year terms, to foster carry-over with anticipated rotation. A member of the Faculty serves as Hearing Facilitator of each Board. Faculty alternates are also selected and prepared to assist in the conduct system.

Students are also appointed as Conduct Board members. Both full-time members and alternates are named, trained, and prepared to serve within the student conduct system. Students named to this responsibility shall have and maintain good academic standing and shall usually have reached their third semester of study. Unscheduled student vacancies may be filled by the Vice President for Student Development, in consultation with the Director of Student Conduct. During the early part of the semester, Examination Week, and other such times when campus groups are not fully functional, the Vice President for Student Development will charge such groups (administrative boards) or
hearing officers as necessary to maintain the integrity of the student conduct system.

In exceptional cases, the Vice President may serve as or designate a faculty member as a hearing officer who shall have the same responsibility as a hearing board.

Cases pending at the end of the fall semester will be processed as early in the Spring semester as is practicable. Cases pending at the end of the Spring semester will be processed in early summer. With certain serious cases pending at the time of a student withdrawal, the student will be prohibited from returning to the campus until the case is resolved. Written requests to return to the campus may be submitted to the Vice President for Student Development after three years away from the college.

A student who is alleged to have had a violation and who is a graduating senior will be ineligible to graduate until conduct action on the case has been completed and eligibility to graduate is confirmed. If the conduct action results in suspension, the student will be subject to being ineligible to graduate until the term of suspension has been served. Campus conduct action for an alleged violation of the Student Conduct Code will not be delayed due to the pending nature of any related criminal charge(s).

**Filing Charges**

Any member of the campus community may file allegations against a student under the STUDENT CONDUCT CODES. Allegations must be filed in writing within 14 days of the event leading to the filing in the Director of Student Conduct, Bouck Hall, dated and signed, using the correct form.

Consultation regarding the filing of an allegation is available and suggested from members of the Residential Life staff, University Police, and the Office of the Vice President for Student Development. Final determination will be made by the Director of Student Conduct regarding whether an allegation has merit and will be processed by the student conduct system.

All students involved in the conduct process are presumed not responsible until determined responsible. Responsibility is determined either by an admission of responsibility or by the presentation of information and evidence before a Conduct Board or other hearing body. The Conduct Board or other hearing body will use a common sense application of the information and evidence before it in determining if the student is responsible or not responsible for the violation(s). If the filing of an allegation will be delayed beyond the 14-day period, the Director of Student Conduct should be notified as soon as possible to determine if an extension may be permitted.

**Due Notice of Allegations**

All students involved in the conduct process will receive email notification at least 48 hours prior to the scheduled hearing. The notification will include a letter of summons to appear before the Conduct Board at a specific date, time and place; a copy of the allegation statement, and a copy of information designed to assist the student in preparation for the conduct hearing.

**Waiver of Hearing**

A student alleged to have violated a Student Conduct Code may request his/her hearing be waived and have the allegation reviewed by the Director of Student Conduct or designee during a Conduct Review Meeting. By making such a request, the student stipulates a plea of "responsible" to allegation(s) and requests a review of behavioral expectations which may include disciplinary sanctions. The Director of Student Conduct may approve or disapprove a request to waive a conduct hearing.

**Advisor**

All students involved in the conduct process have the right to seek assistance from a member of the full-time faculty.
or professional staff if she/he so desires. This advisor may attend the hearing and/or appeal with the student but may not speak for (in place of) the student or otherwise participate in the process. A full-time student at SUNY Cobleskill may also serve as advisor. Each student may have only one individual serving as advisor.

Individuals external to the campus may not participate or be present at the conduct board hearing/process except as authorized by the Director of Student Conduct.

**Witnesses**
All students involved in the conduct process have the right to bring witness(es) to the event to speak on his/her behalf and/or to present pertinent evidence. Students charged have the right to question witnesses and the person bringing the allegations via questions presented to the Board for consideration. Hearing boards may limit the testimony of witnesses whose contributions are merely repetitious of previously entered testimony. Students needing assistance in summoning witnesses to appear may request assistance at the Office of the Director of Student Conduct.

**Continuance**
Each party to a case may request and be granted one continuance (delay) of up to five class days.

**Hearing Attendees**
Only those individuals directly involved with the hearing, University Police, and/or those who are permitted to present testimony and the counsel/advisor are allowed to be present.

**The Context of the Hearing**
College conduct hearings are not legal trials. There is the need to make every effort to sort out facts, to establish a positive educational tone, and to make certain that fairness to all persons involved is paramount. Courtesy and civil treatment is expected on the part of all concerned. Improvement of the campus climate and advancing the comfort and mutual understanding of all concerned are desired outcomes of the process.

**Standard of Judgments**
A preponderance of the evidence will be the standard of proof utilized to determine whether it is more likely than not that the alleged violation occurred.

**Hearing Procedures**
Each conduct hearing will follow the same procedure:

1. the hearing is called to order by the Hearing Facilitator (who is responsible for implementation of the hearing procedures and for maintaining the tone of educational civility in the room);
2. the allegations involving the responding student are read;
3. the Hearing Facilitator asks the responding student charged to make her/his plea (responsible or not responsible);
4. the person making the allegation presents the case, which may include the presentation and/or testimony of witnesses;
5. the responding student presents his/her case, which may include the presentation/testimony of witnesses [the responding student is not required to present a case, but is aware that the board will make its determination based on the information presented];
6. the members of the hearing board may question all those presenting information at any point during the hearing;
7. the responding student may question witnesses and the person bringing the allegation via the hearing board;
8. the Hearing Facilitator asks everyone to leave the room while the hearing board consults privately;
9. in cases of sexual misconduct, the Hearing Facilitator may permit a victim to provide an impact statement.
to the hearing board;
10. deliberations determine a status of responsible or not responsible for each charge. If found responsible, the conduct board then determines, in consideration of the violation and previous conduct history, an appropriate sanction.
11. the Hearing Facilitator calls the responding student and the person making the allegations back in, reports and explains the outcome of the hearing and expectations for future behavior; states further steps (including the possibility of appeal, if warranted); and adjourns the hearing.

Personal belongings, other than files or other items pertinent to the hearing, will not be allowed to be brought into the hearing room by any student charged or advisor.

A general record of the proceedings is maintained; however, a legal transcript is not necessary. An audio recording of the proceeding may be taken by the College. No other recording of the proceeding is permitted. In the event of unforeseen circumstances, written notes will be taken by the hearing board in lieu of an audio recording. The written outcome of the hearing is provided for all involved, after review and approval/modification by the Vice President for Student Development or designee. The audio recording made by the College may be reviewed (heard) by the responding student or the person who filed the allegations in the office of the Director of Student Conduct. A transcript of the hearing, when requested, can be made in the office of the Director of Student Conduct by a certified or licensed transcriptionist approved by the college and contracted and paid by the student to provide such service.

**Failure to Attend a Conduct Hearing**
A student who does not attend his/her scheduled conduct hearing will be subject to having the case adjudicated in his/her absence. The decision reached by the hearing body will be based on the testimony and/or evidence presented at the hearing. Requests for rescheduling hearings will only be considered for extenuating circumstances as determined by the Director of Student Conduct.

**Modifications to Paperwork**
The College reserves the right to make editorial and other modifications to disciplinary paperwork when it has been determined that an error must be corrected to have the written documentation correspond with the facts of the case before the hearing body. Such changes may include, but not be limited to, items like “pm” to “am” or modifying the Student Conduct Code to a more appropriate parallel or lesser Code. An increase in severity of Student Conduct Code allegedly violated will be accomplished, if necessary, through the filing of a new Allegation of Student Conduct Code Violation form.

**Outcomes (Sanctions)**
The potential Disciplinary Sanctions include, but are not limited to, the following:

**REPRIMAND AND WARNING** - an official, written notification of a violation and expected future compliance with the College Student Conduct Codes;

**LOSS OF PRIVILEGE(S)** – prohibition from some privileged activity (e.g. ability to self-select campus housing, study abroad, participate in internship, and so on) for a specified period of time.

**DISCIPLINARY PROBATION** - an official, written notification of violation(s) which require improvement in behavior; probationary status means that any future violations will be viewed as more serious and could lead to Residence Relocation, Residence Banning, or College Suspension;

**RESIDENCE HALL RELOCATION** - the student is relocated to another on-campus assignment at the discretion of the Assistant Vice President for Student Development; Residence Hall Relocation automatically carries with it
official Banning from the hall from which the student is being removed for disciplinary reasons.

RESIDENCE HALL DISMISSAL - means that the student's privilege to live on campus is revoked; Residence Hall Dismissal automatically carries with it additional sanctions of Disciplinary Probation and Residence Hall Banning for a stated period of time to be established by the hearing officer or board. Note: Students removed from residence halls for disciplinary reasons will not receive a refund of room rental paid for occupancy in that semester;

RESIDENCE HALL BANNING - requires that a student be removed from a specified area (or areas) for a stated period; the student is directed not to be present in those areas until further notice; violation may cause further disciplinary action and may subject the student to arrest;

RESTITUTION - requires that the student will repay or pay a stated amount or repair or replace either goods or services to the satisfaction of the Vice President for Student Development or designee;

COMMUNITY SERVICE - an assignment to an office or person to contribute to a community service activity for a stated number of hours or project completion;

WORK DETAIL - an assignment to an office or person to perform a specific function for a stated number of hours or project completion;

COUNSELING INTERVENTION – requires the student to engage with a Wellness Center or other counseling professional for one session on a topic specified during the discipline hearing (e.g. anger management, alcohol or other substance use/abuse, dealing with authority, and so on);

COLLEGE SUSPENSION HELD IN ABYANCE – defers a College Suspension sanction based on clarified behavior expectations as noted in the conduct process outcome letter. Violation of the expectations will result in immediate suspension;

COLLEGE SUSPENSION (for stated period of time) - removes a student from access to classes, activities, residence halls and the other premises of the College; the student is directed to leave the campus and not return until expressly permitted by the Vice President for Student Development or designee. Note: Students suspended for disciplinary reasons will not receive a refund of room, board or tuition paid for that semester;

COLLEGE DISMISSAL (No possibility of return) - removes a student from access to classes, activities, residence halls and the other premises of the College; the student is directed to leave the campus and not return. Note: Students dismissed for disciplinary reasons will not receive a refund of room, board or tuition paid for that semester;

TRANSCRIPT NOTATION – places a notation, either permanently or subject to petition for removal after the period of suspension, when students are suspended or dismissed for serious violations including but not limited to sexual assault, hazing, and conduct which lead to the death or serious physical injury of another person. (See policy statement on Transcript Notation of Non-Academic Disciplinary Action.)

Appeals
Cases of violation of the sexual misconduct policy and Conduct Board outcomes of Residence Hall Dismissal, College Suspension or College Dismissal may be appealed within 48 hours of hearing outcome by filing an Appeal statement of no more than 5,000 words, with justification, with the Office of the Vice President for Student Development. Minor deviations from the hearing process do not constitute acceptable reasons to rehear a case.

Appeal requests which, after review, are determined to be related to cases of violation of the sexual misconduct policy or for all other cases, are asserting a disproportionate sanction or new information directly related to the
Student Conduct Code violation or procedural error, will move forward to an appeals board or college conduct board, as appropriate. The appropriate hearing process is scheduled, held, and the outcome is transmitted to the student after review and action to approve or modify by the Vice President for Student Development. The Vice President for Student Development’s (or designee) decision is final.

**Temporary Suspension from the College**
The President or designee has the authority to temporarily suspend a student (or students) if, in the opinion of the President or designee, the student’s continued presence poses an appreciable risk to the campus community and/or a serious and imminent threat to a person’s health or safety. Students temporarily suspended can request a review meeting with the President or designee to challenge/review the propriety of the temporary suspension. This temporary suspension will extend for no more than five class days and will end either with a proper service of conduct charges and announcement that a conduct hearing has been established and will be conducted or the announcement that a determination has been made not to serve conduct charges for the behavior which led to the temporary suspension. Upon reentry to the campus the student must first meet with the President or designee to discuss the circumstances for the temporary suspension and/or conduct procedures/processes, and/or behavior and academic expectations/requirements and/or campus support services available to the student.

**Responsibilities of the Full-Time Residential Life Professional Staff**
Responsibilities of the Residence Hall Director and other full-time Residential Life staff include enforcement of College policies through educational and problem-solving approaches involving residents. Residence Hall Directors are authorized to conduct administrative reviews of allegations involving the Student Conduct Codes: Such reviews by Residential Life professional staff shall follow general rules of procedural fairness; however, such reviews need not conform to the strict procedures to be followed by the conduct boards. Rather, every attempt will be made to establish the facts of the matter and to educate regarding College rules and regulations and the need for these rules and regulations to promote a safe and civil College environment for all persons. Each such review must be documented in writing with a brief summary and an appropriate outcome sanction.

**Disciplinary Records**
Disciplinary files are maintained under the purview of the office of the Vice President for Student Development. Every effort is made to safeguard the privacy of students who are involved with alleged violations of the Student Conduct Codes.

Disciplinary records fall within safeguards established by the Family Educational Rights and Privacy Act (Buckley Amendment). Information regarding outcomes (sanctions) is shared on only a "need-to-know" basis in order to ensure a campus environment of safety and civility. Disciplinary records may be shared with Faculty and staff where the conduct alleged is directly relevant to the student’s eligibility to remain in good standing in his/her field of study or sport. The Director of Student Conduct prepares and releases periodic reports regarding the work of the conduct system, including summary data involving the numbers and types of cases referred/heard and levels of outcomes (sanctions) and appeals. Personally identifiable information is not included in these reports. Students may request and be granted supervised access to review their own disciplinary records.

**Parent/Guardian Information**
In substance-related situations, parents/guardians of dependent students may receive notification of student conduct outcomes. The College shares this information with the goal that parents/guardians will engage the student in a conversation about the behavior and provide positive guidance for future decision making and improved behavior.

**Good Samaritan 911 Policy**
Abuse of alcohol and other drugs can create life-threatening situations that require an immediate response from emergency services personnel. In all instances, the College is concerned that those in need receive prompt medical
attention. The College cannot guarantee absolute immunity from sanctions associated with violations of the Code or state and federal law. However, efforts will be made to mitigate sanctions associated with alcohol and other drug offenses for “Good Samaritans.” These considerations apply only to the individual(s) who may have contributed or participated in the use and abuse of alcohol or other drugs, but summoned aid.

Said rules shall be subject to amendment or revision and any other amendments or revisions thereof shall be filed with the Commissioner of Education and Board of Regents within 10 days after adoption. Free inquiry and expression are indispensable to the objectives of a higher educational institution. Similarly, experience has demonstrated that the traditional autonomy of the educational institution (and the accompanying institutional responsibility for the maintenance of order) is best suited to achieve these objectives. These rules shall not be construed to prevent or limit communication between and among faculty, students and administration, or to relieve the institution of its special responsibility for self-regulation in the preservation of public order. Their purpose is not to prevent or restrain controversy and dissent but to prevent abuse of the rights of others and to maintain that public order appropriate to a college or university campus without which there can be no intellectual freedom and they shall be interpreted and applied to that end.

SECTION 535.2 APPLICATION OF RULES. These rules shall apply to all State-operated institutions of the State University except as provided in Part 550 as applicable to the State University Maritime College. These rules may be supplemented by additional rules for the maintenance of public order heretofore or hereafter, adopted for any individual institution, approved and adopted by the State University trustees and filed with the Commissioner of Education and Board of Regents, but only to the extent that such additional rules are not inconsistent herewith.

The rules hereby adopted shall govern the conduct of students, faculty and other staff, licensees, invitees, and all other persons, whether or not their presence is authorized, when the campus of any institution to which such rules are applicable and also upon or with respect to any other premises or property, under the control of such institution, used in its teaching, research, administrative, service, cultural, recreational, athletic and other programs and activities, provided, however, that charges against any student for violation of these rules upon the premises of any such institution other than the one at which he is in attendance shall be heard and determined at the institution in which he is enrolled as a student.

SECTION 535.3 PROHIBITED CONDUCT. No person, either singularly or in concert with others, shall:

a. Willfully cause physical injury to any other person, nor threaten to do so for the purpose of compelling or inducing such other person to refrain from any act which he has a lawful right to do or to do any act which he has a lawful right not to do.
b. Physically restrain or detain any other person, nor remove such person from any place where he is authorized to remain.

d. Without permission, expressed or implied, enter into any private office of an administrative officer,
member of the faculty or staff member.

h. Obstruct the free movement of persons and vehicles in any place to which these rules apply.

j. Knowingly have in his possession upon any premises to which these rules apply, any rifle, shotgun, pistol, revolver, or other firearm or weapon without the written authorization of the chief administrative officer, whether or not a license to possess that same has been issued to such person.

k. Willfully incite others to commit any of the acts herein prohibited with specific intent to procure them to do so.

l. Take any action, create, or participate in the creation of, any situation which recklessly or intentionally endangers mental or physical health or which involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization.

SECTION 535.4 FREEDOM OF SPEECH AND ASSEMBLY; PICKETING AND DEMONSTRATIONS.

a. No student, faculty or other staff member or authorized visitor shall be subject to any limitation or penalty solely for the expression of his views nor for having assembled with others for such purposes. Peaceful picketing and other orderly demonstrations in public areas of ground and building will not be interfered with. Those involved in picketing and demonstrations may not, however, engage in specific conduct violation of the provisions of the preceding action.

b. In order to afford maximum protection to the participants and to the institutional community, each State-operated institution of the State University shall promptly adopt and promulgate, and thereafter continue in effect as revised from time to time, procedures appropriate to such institution for the giving of reasonable advance notice to such institution for the giving of notice to such institution of any planned assembly, picketing or demonstration upon the grounds of such institution, its proposed locale and intended purpose, provided, however, that the giving of such notice shall not be made a condition precedent to any such assembly, picketing or demonstration and provided, further, that this provision shall not supersede nor preclude the procedure in effect at such institution for obtaining permission to use the facilities thereof.

SECTION 535.5 PENALTIES. A person who shall violate any of the provisions of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall:

a. If he is a licensee or invitee, have his authorization to remain upon the campus or other property withdrawn and shall be directed to leave the premises. In the event of his failure or refusal to do so, he shall be subject to ejection.

b. If he is a trespasser or visitor without specific license or invitation, be subject to ejection.

c. If he is a student, be subject to expulsion or such lesser disciplinary action as the facts of the case warrant, including suspension, probation, loss of privileges, reprimand, or warning.

d. If he is a faculty member having a term or continuing appointment, be guilty of misconduct and be subject to dismissal or termination of his employment or such lesser disciplinary action as the facts may warrant including suspension without pay or censure.

e. If he is a staff member in the classified service of the civil service, described in section 75 of the Civil Service Law, be guilty of misconduct, and be subject to the penalties prescribed in said section.

f. If he is a staff member other than one described in subdivisions (d) and (e), be subject to dismissal, suspension without pay or censure.
SECTION 535.6 PROCEDURE.

a. The chief administrative officer or his designee shall inform any licensee or invitee who shall violate any provisions of these rules (or the rules of any individual institution supplementing or implementing these rules) that his license or invitation is withdrawn and shall direct him to leave the campus or other property of the institution. In the event of his failure or refusal to do so such officer shall cause his ejection from such campus or property.

b. In the case of any other violator, who is neither a student nor faculty or other staff member, the chief administrative officer or his designee shall inform him that he is not authorized to remain on the campus or other property of the institution and direct him to leave such premises. In the event of his failure or refusal to do so such officer shall cause his ejection from such campus or property. Nothing in this subdivision shall be construed to authorize the presence of any such person at any time prior to such violation nor to affect his liability to prosecution for trespass or loitering as prescribed in the Penal Law.

c. In the case of a student, charges for violation of any of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be presented and shall be heard and determined in the manner hereinafter provided in section 535.9 of this Part.

d. In the case of a faculty member having a continuing or term appointment, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined as prescribed in that section.

e. In the case of any staff member who holds a position in the classified civil service, described in section 75 of the Civil Service Law, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined as prescribed in that section.

f. Any other faculty or staff member who shall violate any provision of these rules (or the rules of any individual institution supplementing or implementing these rules) shall be dismissed, suspended or censured by the appointing authority prescribed in the policies of the Board of Trustees.

SECTION 535.7 ENFORCEMENT PROGRAM.

a. The chief administrative officer shall be responsible for the enforcement of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he shall designate the other administrative officers who are authorized to take action in accordance with such rules when required or appropriate to carry them into effect.

b. It is not intended by any provision herein to curtail the right of students, faculty or staff to be heard upon any matter affecting them in their relations with the institution. In the case of any apparent violation of the rules (or of the rules of any individual institution supplementing or implementing these rules) by such persons, which, in the judgment of the chief administrative officer or his designee, does not pose any immediate threat of injury to person or property, such officer may make reasonable effort to learn the cause of the conduct in question and to persuade those engaged therein to desist and to resort to permissible methods for the resolution of any issues which may be presented. In doing so such officer shall warn such persons of the consequences of persistence in the prohibited conduct, including their ejection from any premises of the institution where their continued presence and conduct is in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules).

c. In any case where violation of these rules (or of the rules of any individual institution supplementing or implementing these rules), does not cease after warning and in other cases of willful violation of such rules, the chief administrative officer or his designee shall cause the ejection of the violator from any premises which he occupies in such violation and shall initiate disciplinary action as herein before provided.

d. The chief administrative officer or his designee may apply to the public authorities for any aid which he
deems necessary in causing the ejection of any violator of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he may request the ejection of the violator of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he may request the State University counsel to apply to any court of appropriate jurisdiction for an injunction to restrain the violation or threatened violation of such rules.

SECTION 535.8 COMMUNICATION.

In matters of the sort to which these rules are addressed, full and prompt communication among all components of the institutional community, faculty, students and administration, is highly desirable. To the extent that time and circumstances permit, such communication should precede the exercise of the authority, discretion and responsibilities granted and imposed in these rules. To these ends, each State-operated institution of the State University shall employ such procedures and means, formal and informal, as will promote such communication.

SECTION 535.9 NOTICE, HEARING AND DETERMINATION OF CHARGES AGAINST STUDENTS.

a. The term Chief Administrative Officer, as used in these rules, shall be deemed to mean and include any person authorized to exercise the powers of that office during a vacancy therein or during the absence or disability of the incumbent and for purposes of this section shall also include any designee appointed by said officer.

b. Whenever a complaint is made to the chief administrative officer of any State-operated institution of the University of a violation by a student or students of the rules prescribed in this Part (or of any rules adopted by an individual institution supplementing or implementing such rules) or whenever he has knowledge that such a violation may have occurred, he shall cause an investigation to be made and the statements of the complainants, if any, and of other persons having knowledge of the facts reduced to writing. If he is satisfied from such investigation and statements that there is reasonable ground to believe that there has been such violation, he shall prepare or cause to be prepared charges against the student or students alleged to have committed such violation which shall state the provision describing the offense and shall specify the ultimate facts alleged to constitute such offense.

c. Such charges shall be in writing and shall be served on the student or students named herein by delivering the same to him or them personally, if possible, or, if not, by mailing a copy of such charges by registered mail to such student or students at his or their usual place or places of abode while attending college and also to his or their home address or addresses, if different.

d. The notice of charges so served shall fix a date for hearing thereon not less than 10 or more than 15 days from the date of service which shall be the date of mailing when necessary to effect service by mail. Failure to appear in response to the charges on the date fixed for hearing, unless there is continuance for good cause shown, shall be deemed to be an admission of the facts stated in such charges and shall warrant such action as may then be appropriate thereon. Before taking such action the hearing committee, hereinafter referred to, shall give notice to any student, who has failed to appear, in the manner prescribed in subdivision (c), of its proposed findings and recommendations to be submitted to the chief administrative officer and shall so submit such findings and recommendations 10 days thereafter unless the student has meanwhile shown good cause for his failure to appear, in which case a date for hearing shall be fixed.

e. Upon demand at any time before or at the hearing, the student charged or his representative, duly designated, shall be furnished a copy of the statements taken by the chief administrative officer in relation to such charges and with the names of any other witnesses who will be produced at the hearing in support of the charges provided, however, that this shall not preclude the testimony of witnesses who were unknown at the time of such demand.

f. The chief administrative officer may, upon service of charges, suspend the student named therein, from all or any part of the institution’s premises or facilities pending the hearing and determination thereof, whenever, in his judgment, the continued presence of such student would constitute a clear danger to
himself or to the safety of persons or property on the premises of the institution or would pose an immediate threat of disruptive interference with the normal conduct of the institution's activities and functions, provided, however, that the chief administrative officer shall grant an immediate hearing on request of any student so suspended with respect to the basis for such suspension.

g. There shall be constituted at each State-operated institution a hearing committee to hear charges against students of violation of the rules for maintenance of public order prescribed by or referred to in this Part. Such committee shall consist of three members of the administrative staff and three members of the faculty, designated by the chief administrative officer, and three students who shall be designated by the members named by the chief administrative officer. Each such member shall serve until his successor or replacement has been designated. No member of the committee shall serve in any case where he is witness or is or has been directly involved in the events upon which the charges are based. In order to provide for cases where there may be such a disqualification and for cases of absence or disability, the chief administrative officer shall designate an alternate member of the administrative staff and an alternate member of the faculty, and his principal designees shall designate a student member, to serve in such cases. Any five members of the committee may conduct hearings and make findings and recommendations as hereinafter provided. At any institution where the chief administrative officer determines that the number of hearings which will be required to be held, or may be, so great that they cannot otherwise be disposed of with reasonable speed, he may determine that the hearing committee shall consist of six members of the administrative staff and six members of the faculty to be designated by him and of six students who shall be designated by the members so designated by him. In such event the chief administrative officer shall designate one of such members as chairman who may divide the membership of the committee into three divisions each to consist of two members of the administrative staff, two faculty members and two students and may assign charges among such divisions for hearing. Any four members of each such division may conduct hearings and make recommendations as hereinafter provided.

h. The hearing committee shall not be bound by the technical rules of evidence but may hear or receive any testimony or evidence which is relevant and material to the issues presented by the charges and which will contribute to a full and fair consideration thereof and determination thereon. A student against whom the charges are made may appear by and with representatives of his choice. He may confront and examine witnesses against him and may produce witnesses and documentary evidence in his own behalf. There may be present at the hearing, the student charged and his representatives and witnesses; other witnesses; representatives of the institutional administration; and, unless the student shall request a closed hearing, such other members of the institutional community or other persons, or both, as may be admitted by the hearing committee. A transcript of the hearing shall be made.

i. Within 20 days after the close of the hearing, the hearing committee shall submit a report of its findings of fact and recommendations for disposition of the charges to the chief administrative officer, together with a transcript of the proceedings, and shall at the same time transmit a copy of its report to the student concerned or his representative. Within 10 days thereafter the chief administrative officer shall make his determination thereon. Final authority to dismiss the charges or to determine the guilt of those against whom they are made and to expel, suspend or otherwise discipline them shall be invested in the chief administrative officer. If he shall reject the findings of the hearing committee in whole or in part, he shall make new findings which must be based on substantial evidence in the record and shall include them in the notice of his final determination which shall be served upon the student or students with respect to whom it is made.

SECTION 535.10 RULES FOR ORGANIZATIONS.

a. Organizations. Organizations which operate upon the campus of any State-operated institutions or upon the property of any State-operated institution used for educational purposes shall be prohibited from authorizing the conduct described in subdivision (1) of Section 535.3 of this Part.

b. Procedure. The chief administrative officer at each State-operated institution shall be
responsible for the enforcement of this section, and, as used herein, the term chief administrative officer shall include any designee appointed by said officer.

1. Whenever the chief administrative officer has determined on the basis of a complaint or personal knowledge that there is a reasonable ground to believe that there has been a violation of this section by any organization, the chief administrative officer shall prepare or cause to be prepared written charges against the organization which shall state the provision prescribing the conduct and shall specify the ultimate facts alleged to constitute such violation.

2. Such written charges shall be served upon the principal officer of the organization by registered or certified mail, return receipt requested, to the organization's current address and shall be accompanied by a notice that the organization must respond in writing to the charges within 10 days shall be deemed to be an admission of the facts stated in such charges and shall warrant the imposition of the penalty described in subdivision (c) of this section.

   The response shall be submitted to the chief administrative officer and shall constitute the formal denial or affirmation of the ultimate facts alleged in the charge.

   The chief administrative officer may allow an extension of the 10-day response period.

3. Upon written request, by an authorized representative of the organization, the chief administrative officer shall provide the representative organization an opportunity for a hearing.

   A hearing panel designated by the chief administrative officer shall hear or receive any testimony or evidence which is relevant and material to the issues presented by the charge and which will contribute to a full and fair consideration thereof and determination thereon. The organization's representative may confront and examine witnesses against it and may produce witnesses and documentary evidence in its behalf. The hearing panel shall submit written findings of fact and recommendations for disposition of the charge to the chief administrative officer within 20 days after the close of the hearing.

4. Final authority to dismiss the charges or to make a final determination shall be vested in the chief administrative officer. Notice of this decision shall be in writing; shall include the reasons supporting such decision; and shall be served on the principal officer of the organization by mail in the manner described in paragraph (2) of this subdivision within a reasonable time after such decision is made.

c. Penalties. Any organization which authorizes the prohibited conduct described in subdivision (1) of Section 535.3 of this Part shall be subject to the remission of permission to operate upon the campus or upon the property of the State-operated institution operated for educational purposes.

   The penalty provided in this subdivision shall be in addition to any penalty which may be imposed pursuant to the Penal Law and any other provision of Law, or to any penalty to which an individual may be subject pursuant to the Part.

d. Bylaws. Section 6450 (1) of the Education Law requires that the provision for this Part which prohibits reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be deemed to be part of the by-laws of the organizations which operate upon the campus of any State-operated institution used for educational purposes.

   The statute further requires that each such organization shall review these by-laws annually with individuals affiliated with the organization.

e. Distribution. Copies of the provision of this Part which prohibit reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be given to all students enrolled in each State-operated institution.

Campus Intramurals

Intramurals at SUNY Cobleskill provide students with an opportunity to participate in individual and team sport activities. Intramurals encourage an enjoyable and wholesome use of leisure time that can be carried through one’s lifetime.

1. Sign-up sheets are available in the Campus Recreation Office in Bouck Hall. Each team will elect its team captain. He/she will be held directly responsible for the conduct of others, getting information concerning the team to all members, making certain the team is present for the contests and discussing infractions of rules by opposing teams, complaints and decisions with the officials.
2. Intramural contests will be conducted in accordance with the latest accepted rules.
3. Current varsity athletes may participate in other campus recreation activities outside their varsity sport. Examples include: baseball and softball players cannot participate in intramural softball; soccer players cannot participate in outdoor soccer; and volleyball players cannot participate in sand volleyball or intramural volleyball.
4. Varsity athletes include any individual who is or has been a member of a varsity, junior varsity, red shirt squad, or an individual who practices with these squads regularly. These individuals are ineligible to compete in that intramural sport until they have been out of that varsity sport for one academic year. Membership shall include persons practicing or working out with the team whether or not they play. Students who make the varsity squad and quit are ineligible.
5. After playing in one contest with a given team, a player may not transfer to another team in that intramural sport.
6. A team using an ineligible player shall forfeit the contests in which that player participated.
7. Captain’s meetings are held for all intramural leagues and the captains must attend.
8. If you require additional information, please contact the Campus Recreation Office at 255-5827 or stop by the office in Bouck Hall.

**Student Activity Facilities**

*Bouck Hall: The Activities Building*

This physical education and student activities building houses the 1250 seat gymnasium, swimming pool, a 400 seat theater-lecture hall, four bowling lanes, meeting/class room, fitness center, the Student Lounge, commuter lockers, The College Store, the Residential Life Office (including Student Conduct and Veterans' Affairs), Office of Student Leadership, and the Athletic Department Offices.

**Student Government Association**

The Student Government Association has a dual role on campus. Our first duty is to serve the students we represent. Our second duty is to manage the Student Activity Fee. The Student Government Association is the students’ link to the administration. They represent students in bringing issues to the President, Vice Presidents and faculty. SGA is responsible for managing a budget of over $440,000 each year. This money, which is derived from the Student Activity Fee, is distributed to the currently recognized clubs that are listed below, as well as many special projects that SGA sponsors. If there is an interest in a club that isn’t already in place, SGA accepts proposals for additional clubs. For more information on joining or starting a new club, check out the contact information in this document below.

Each year the officers and representatives who make up Student Government put in many hours in an effort to make the campus a better place. Through their work, they provide a positive atmosphere for the students, while at the same time learning valuable leadership skills.

**Major Programming Organization**

*Council for Student Activities (CSA)*

The purpose of this team is to provide social, cultural, and educational opportunities for all members of the college community and to provide members with experience in group planning and leadership development. Members of the CSA team develop a variety of important life skills while serving the campus. **Student Organizations**

In clubs and organizations, students are exposed to a variety of personal development opportunities. Clubs are a great way to meet other students with similar interests. Some clubs focus on a particular academic area, while others focus on an interest or hobby. Regardless of the specific nature of the club, they all provide great experiences for personal growth and development. The more involved a student becomes in co-curricular activities such as this, the more well-rounded he or she will become. Membership is open to all members of the student body. We urge you to become a full participant in the college experience by joining at least one club.
Student Activities Eligibility - To qualify for participation in the college activities program, a student must maintain satisfactory progress toward his/her degree as defined in the Student Government Association Constitution.
