Brief Abstract

Creative Commons Licenses

A Creative Commons (CC) license is one of several public copyright licenses that enable the free distribution of an otherwise copyrighted work. A CC license is used when an author wants to give people the right to share, use, and build upon a work that they have created. * **You do not need to grant a creative commons license. Be sure 'I choose not to apply a Creative Commons License' is selected on page 1 if you choose not to grant one.**

Creative Commons Attribution 3.0 license. This license allows both commercial and noncommercial use, distribution, remixing, and building upon the work, so long as attribution is given to the original creator. For license details, see <http://creativecommons.org/licenses/by/3.0/>

Creative Commons Attribution Share Alike 3.0 license. This license allows both commercial and noncommercial use, distribution, remixing, and building upon the work, so long as attribution is given to the original creator and the new work is licensed under identical terms. For license details, see <http://creativecommons.org/licenses/by-sa/3.0/>

Creative Commons Attribution No Derivatives 3.0 license. This license allows both commercial and noncommercial use and distribution, so long as attribution is given to the original creator and no derivatives are made. For license details, see <http://creativecommons.org/licenses/by-nd/3.0/>
